This sale will be broadcast live on the internet.

DVAuction

Broadcasting Real-Time Auctions

Real time bidding & proxy bidding available.

Welcome to the thirteenth annual Namken Red Angus Production Sale! What exciting times we have in the cattle industry. All classes of cattle are currently trading at record prices. With this in mind it is may be the time to trade in that old bull or purchase the higher performing one. Now would not be the time to sacrifice calf performance using a heifer bull on your mature cow herd.

This year's offering is quite exciting! We have plenty of performance bulls suitable to use on cows and a good offering of low birthweight bulls suitable to use on heifers. This is by far the most black red carrier bulls we have ever offered. If you don't mind a few black calves out of your red cows, don't miss this group. If you don't understand how the heterozygous red gene works, please don't be afraid to ask. We implement the black genetics to bring outcross blood into the genepool. Therefore, these bulls bring a refreshing pedigree to accent so many bloodlines in the breed. Our number one focus is always the cow. Our second focus is cattle that will grow when they get on feed. How many seedstock suppliers run a commercial herd and finish out all their steers and non-replacement heifers with resources grown on their place? We understand all the segments of the industry.

We are very fortunate and thankful to have a loyal customer base with many repeat customers. We would love to see you on February 23, 2025 for the sale. If you cannot attend the sale will be broadcast on DVAuction. If you have any questions, feel free to contact us. If you are ever in the area, feel free to stop in for a tour. We hope to see you on the 23rd!

Sincerely,
Jared & Lacey Namken
Paisley, Cooper & Presley

DIRECTIONS From Watertown, SD: South on US Hwy 81 until the Hwy 81 and SD Hwy 21 Junction, keep going 1 mile south (to 189th St), then 1¼ miles east. From Arlington, SD: North on US Hwy 81 until the junction of SD Hwy 28, keep going 3 miles north (until 189th St), then 1¼ miles east.

Supplement sheet with sale order, ultrasound data and scrotal measurements available sale day.

SEMEN TEST Every bull will pass a semen test before it leaves. Bulls will be tested AFTER the sale.

SEMEN INTEREST Namken Red Angus will retain a 1/3 in herd semen interest in every bull in the sale. Buyer is buying 2/3 semen interest, full possession and salvage value.

DELIVERY Delivery on bulls will start around April 1, after they have passed a semen test. Bulls will be delivered the first 400 miles for free. Heifers are buyers responsibility to be picked up.

VOLUME DISCOUNT We will give a 10% discount on the 10th bull purchased from Namken Red Angus over any period of time. This allows even the smallest buyers to receive volume discounts! For your convenience, Namken Red Angus will keep track of your number of purchases.

TERMS The terms of the sale are cash and the right of property shall not pass until after the settlement is made. All settlements must be made immediately following conclusion of the sale as no cattle will be released until settlement has been made.

CONDITIONS All cattle sell according to the suggested Terms and Conditions of the Red Angus Association of America.

PURCHASER'S RISK Each animal becomes purchaser's risk as soon as the auctioneer says sold.

ANNOUNCEMENTS Any announcements or changes stated from the auction block will take precedence over any printed material. We are human and do make mistakes however, we will correct them to the best of our ability.

LIABILITY Neither owners, sale managers, auctioneer, clerks nor anyone connected with this sale in any way assumes responsibility, legal or otherwise, for damages of any kind.

View the Auction Live!

Bid Online... you're ringside right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.DVAuction.com under the "Register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction — a DV representative will notify you once you have been approved.
3. Tune in for the sale to may your purchases!

High Speed internet is required for successful bidding—be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy-bidding — if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

While we originally purchased Revolution to cover commercial cows his first calf crop excelled and we knew we needed to sample him on purebred cows. This son of the Shaggy Meadows Herd sire ARO Mr 906, is loaded with extreme cow power. As you study his pedigree on the topside you will find Red SSS Ambush, Red SSS Endorse, both ground pounding performance plus maternal and efficiency sires. On his bottom side SAV Final Answer carrying low birth along with growth with excellent udder quality. Owned with Shaggy Meadows Red Angus

When we were searching for a herd sire with length of side, moderate birthweight and not sacrifice growth, foot structure and eye appeal we found 219. This bull checked all the boxes and has certainly been living up to our expectations. Hence why he was the high seller in the 2023 Fritz Bull Sale. His progeny are very consistent in type and kind. Proven as a calving ease bull we are certainly like what we see in his progeny. Owned with Fritz Red Angus

We chose Reverend from the 2023 Shaggy Meadows Sale to bring in a refreshing maternal pedigree. While combining Recharge and the Dark Lady donor cow, we felt this mating would certainly do the job. A bull with balance, eye appeal, a wide base with great feet. Owned with Shaggy Meadows Red Angus

Magellan was added to the herd sire battery from the 2022 SSS Red Angus Bull sale. Chosen for his performance and extended skeletal outline with a refreshing pedigree. His Dam, Jessie 588F, weaned him off at a 112 WW ratio. His sire, Red Allison Mooney 62G, is leaving his mark in the industry with his gorgeous daughters. We are excited to see the Magellan 316 daughters in production.

We added Executive 42J to the Herd Sire lineup from the 2022 W Sunrise Annual Bull Sale. Chosen for his masculine characteristics, good performance, maternal pedigree, traditional Angus head, an excellent hoof shape and great disposition. This bull exhibits great libido in the breeding pasture while being easy fleshing. Yes, he is a black red carrier. Something we aren't afraid to use with the genetic progress this bull offers. His dam, Red Brown Creek Molly 99C, has a proven track record. She has produced multiple progeny in high demand. His sire, PM Executive Decision 5'17 is currently making waves in the Angus world siring gorgeous females with impeccable udders. PM Executive Decision is turning out to be a breed changer. Yes, I know even Ray Charles can see his birthmark. Look past that and inspect the bull for what he truly is. A bull with good top shape, hip and growth. Dam's udder is gorgeous. Granddam, 931, was a donor dam that come from Axtell. Ask Cooper what he thinks of this bull. **Suitable to use on larger framed heifers.**

Here is a full brother to the heifer calf I sold in the 2023 ND Red Select to Shaggy Meadows. A bull that posts good growth with 112 and 105 WW and YW ratios. Dam consistently gets it done every year with a great udder. Don't discount him just because of his color. **This bull is black.**

An ET bull from the 926 donor dam. His dam was purchased from Axtell Red Angus.

Lot 11

How the Black/Red Carrier gene works (theoretically):

COW	BULL	PROGENY
Purebred Black Angus Cow (No Red Genes, Homozygous Black)	Black/Red Carrier	100% Black
Black Crossbred Cow (Black Hide but Red Gene, Heterozygous Black)	Black/Red Carrier	75% Black 25% Red
Red Cow (No Black Genes, Homozygous Red)	Black/Red Carrier	50% Black 50% Red

Reg.: Red Angus Association
Registration Number

Lot Number

Animal Name

Milk: Milk predicts differences in a weaning weight attributed to the milking ability of the animal's daughters.

YW: Yearling Weight predicts differences in 365-day yearling weight.

WW: Weaning Weight predicts differences in 205-day weaning weight.

BW: Birth weight predicts differences in actual birth weight of progeny.

CED: Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams.

Marb: Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib.

CW: Carcass weight predicts differences in actual hot carcass weight.

REA: Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib.

Fat: Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs.

ADG: Average Daily Gain predicts differences in average daily gain of progeny.

on the pedigree and data.
★ Use on cows
★★ Use on larger framed
heifers
★★★ Suitable to use on all heifers

ME: Maintenance Energy predicts the
difference in maintenance energy
requirements.

HPG: Heifer Pregnancy predicts
differences in the percent of
daughters who are able to conceive
and calve at 2 years of age following
exposure to breeding.

Stay: Stayability predicts differences
in the ability of animals' retained
daughters to remain productive in
the herd-calve every year-through 6
years of age.

CEM: Calving Ease Maternal predicts
differences in the percent of
daughters who are able to calve
unassisted as 2-year-old heifers.

AOD: Age of Dam at weaning.

MPPA: Most Probable Producing Ability is an
estimate of a cow's future productivity for
a trait (such as progeny weaning weight
ratio) based on her past productivity.

WDA: Weight per Day of Age is the weight
gained per day since birth.

A bull that will catch your attention in the pen. From his shoulder angle and neck set, his level top line to his square base with good spring of rib. The daughters should be knockouts with his dam posting a 109 MPPA. If he was red he would be used on my purebred cows. Think of all the mating possibilities with this outcross pedigree. **This bull is black.**

Here is the natural calf out of the 41F donor cow. A little more moderate framed, soft made with good head shape. Daughters should be full of maternal with Resource 33D and Executive 42J in the pedigree. Maternal brothers have sold to Hartley, Terhark and Clarambeau with one daughter retained in the herd. Maternal sib to lots 7 and 8. **This bull is black.**

Here is a high growth heifer bull. He weaned off as the heaviest 205 weight from the two year olds with a 120 ratio, second heaviest YW with a 116 ratio. Dam is a two year old that earned a 108 MPPA on her first try. Certainly an up and coming cow to watch. Save all the daughters from him. **Suitable to use on heifers.**

A low birthweight sleep all night heifer bull. Suitable to use on heifers.

PROFIT. REPEAT.

Generate repeated profits with Red Angus bulls.

Year after year, despite unpredictable market conditions, cattle producers see increased ROI on their Red Angus-sired calves that excel both in the yard and on the rail. Increase your profit potential with Red Angus genetics and experience the Red Angus advantage.

Visit RedAngus.org for details on Red Angus marketing programs.

RED ANGUS
RANCH TESTED. RANCHER TRUSTED.

Registered Heifers

Here is this year's offering of five Registered Replacement Heifers. Every one of these heifers should go on to make productive brood cows. Up until this sale only one W Sunrise Executive 42J heifer has ever been sold. They will all be bang vaccinated and palpated for reproductive soundness. We would love to keep them all but don't have the room. Don't miss this opportunity!
