To Whom It May Concern:

This letter is to certify that the County of Pike has no Planning and Zoning laws or ordinances except for in floodplain areas. We do not require building permits. Any construction in a floodplain area must obtain a permit from the local Emergency Management Director. We have health department ordinances that deal with the sewage disposal which comply with Missouri requirements, and these are available at your request from the Pike County Health Department at 573-324-2111. Please check with the local municipality if construction is taking place inside a city limits.
