

Commission in session pursuant to adjournment at the Courthouse
 in Bowling Green, County of Pike, State of Missouri;
 Bill Allen, Presiding Commissioner, Present
 Tom Wallace, Eastern Commissioner, Present
 Brock Bailey, Western Commissioner, Present

Bill Allen called the meeting to order at 9:00am and moved to accept the agenda as presented. Tom Wallace, seconded. Vote 3-0

Tom Wallace moved to pay bills as presented. Brock Bailey, seconded. Vote 3-0

Tom discussed a meeting held with property owners regarding Pike 236 & 237 in the Clarksville area. Bill moved to add Pike 9236 to Pike 236, from the Pike 236 and 237 intersection to the "turnaround" on the West end, approximately 1\4 mile from the intersection. Also remove the 9 from the road number making it 236. The property owners on the road are to be responsible for the driveways at the cul-de-sac/turnaround. The decision was made to alleviate issues with maintenance and confusion over addresses in the area. However, the road will be maintained as a county gravel road with no intention of chip and seal or asphalt.

The Commission heard concerns from elected officials regarding the moisture in the basement. The dehumidifier is up for inspection in the very near future. It is believed to be working as drying areas seem to be more obvious. It is probable that there will need to be plaster repairs in the near future.

The Commission heard concerns regarding some basic "housekeeping" and maintenance in the courthouse. These issues will be addressed with the proper staff.

There being no other business before the County Commission, the meeting adjourned until June 10th, 2024, at 9:00am.
