## PRO X3+LINK FEATURES

Precision Perfected: Next Level Performance with Wind & LINK-Enabled Technology

### NEXT LEVEL TOUR TRUSTED COMPENSATED DISTANCES

Temperature and altitude have been added to Bushnell Golf's patented Slope technology to give golfers the most precise compensated distances ever.

### HOME ELEVATION ADJUSTMENT

With the Pro X3+LINK, you can now put in your home elevation to reflect the Slope with Elements compensated distances at the elevation where you play your most golf.

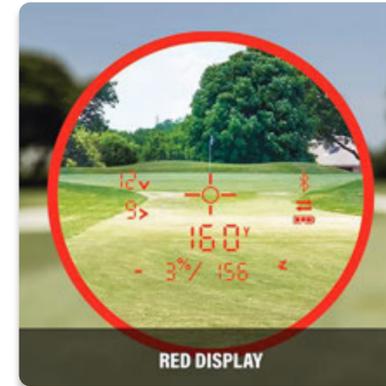

### LOCKING SLOPE-SWITCH

The Slope-Switch with interaction locking mechanism, significantly reduces risk of accidentally getting the Pro X3+LINK into Slope mode during tournament play.

### LINK-ENABLED

We have now partnered with Foresight Sports to offer LINK-Enabled technology, taking your stock club yardages provided by your launch monitor to give you personalized club recommendations right in your laser rangefinder's display.

### DUAL DISPLAY

Allows users the ability to easily toggle between the bright red or crisp black display settings based on lighting conditions and user preference.

### PINSEEKER WITH VISUAL JOLT

A red ring now flashes as JOLT vibrates to give the golfer even greater feedback and confidence to know you have locked onto the flag.

### INTEGRATED BITE MAGNETIC MOUNT

The Pro X3+LINK features Bushnell's integrated BITE magnetic mount that allows you to easily mount your laser right on the cart bar.

# TOUR HYBRID

SKU: 202600

Experience Slope distances like never before with the Tour Hybrid. Our first device to feature Slope compensated laser distances AND Slope compensated GPS distances. Confidently make club selections with both lasered distances to the pin as well as GPS-powered front/center/back yardages right in the display.

**MSRP: \$499.99**

## TOUR HYBRID FEATURES

Experience Slope Distances Like Never Before.

### ONBOARD GPS WITH SLOPE-COMPENSATED FRONT, CENTER, BACK DISTANCES

Our first-ever laser rangefinder with built-in GPS and Slope-adjusted front/center/back distances—right in the viewfinder. No phone, no signal needed. Just consistent, precise GPS and laser readings in one.

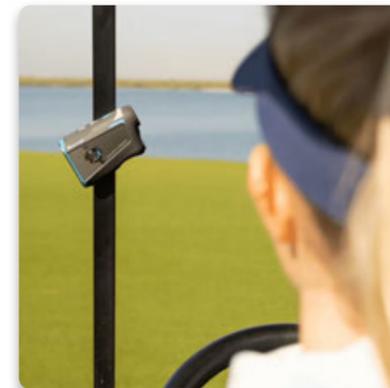

### PATENTED, TOUR TRUSTED SLOPE TECHNOLOGY

Used by 98.6% of PGA Tour pros, our Slope algorithm outperforms competitors by factoring in ball trajectory—not just elevation. Get the most accurate "plays-as" distances from both laser and GPS, all in one device.

### SLOPE-SWITCH TECHNOLOGY

Enabling Slope-adjusted distances when you need them and USGA-conforming play when required. Both laser and GPS distances adjust seamlessly, giving you the flexibility to play your best in any setting.

### INTEGRATED BITE MAGNETIC CART MOUNT

Bushnell Golf's exclusive BITE magnetic mount lets you securely attach the Tour Hybrid to your cart bar for quick, convenient access. No fumbling—just grab, range, and go.

### PINSEEKER WITH VISUAL JOLT

Get total confidence in your target. Enhanced JOLT vibrations provide stronger tactile feedback, while a red flashing ring confirms when you've locked onto the pin—so you can fire with certainty.

## A1-SLOPE

## LINK-ENABLED TECHNOLOGY

LINK-Enabled technology combines either a Foresight Sports or Bushnell Golf LP launch monitor with the innovation and precision of a Bushnell Golf laser rangefinder, delivering club recommendations and personalised distances.

### How It Works

Perform a MyBag assessment through the Foresight app and launch monitor, hitting at least three shots with each club in your bag. Then link your Foresight app account with the Bushnell Golf app to sync your data, and push the MyBag information to a Bluetooth-enabled Bushnell Golf laser rangefinder.
