

COMPARE AND CONTRAST TIME!

Learn about the different programs CEO has to offer your high school

THE CEO PROGRAM

The CEO Program can be implemented as an after school program or elective with lessons ranging between 30-45 minutes based on school choice.

CEO CONNECT

CEO Connect always high schools to allow students the access to learn from The CEO Program without the benefit of having an in person program and a CEO liaison.

MORE ABOUT THE CEO PROGRAM

The CEO Program gives schools and teachers the ability to teach our program in a school setting - Schools have access to their own CEO liaison who will guide teachers how to teach students about career exploration, financial literacy and entrepreneurship.

MORE ABOUT CEO CONNECT

CEO Connect delivers a world class online learning experience available anytime, anywhere on your smartphone or personal computer. CEO gives students online access to all of our lessons, as well as the ability to participate in all of our events, grants and other resources
