# Create Every Opportunity Makes Financial Literacy Accessible to Anyone From High School Students to Budding Business Owners

Mon, January 25, 2021, 7:20 AM · 3 min read

**NEW YORK, NY / ACCESSWIRE / January 25, 2021**

/ It's never too early to learn about financial literacy. Every second wasted not learning the ropes is a potentially wasted opportunity. Fortunately, [Create Every Opportunity](#) (CEO) is an educational organization that provides high school students and schools with a unique and innovative platform that teaches and supports financial literacy. Moreover, the company also teaches entrepreneurship and topics within the realm of common sense, something that isn't explored that much within the typical educational system.

Create Every Opportunity helps students understand how to establish their own business ventures from the ground up. They can schedule counseling sessions with the company's in-house entrepreneurial specialists. The company also helps students seek investment opportunities, internships, scholarships, grants, and so much more.

They do all of this by giving students access to the company's private crowdfunding page that allows them to acquire investments, donations, and grants
