Sept 14th, 2018 8:15am Prescott, AZ

Tour Prescott doing business as Shuttle Prescott began offering shuttle services to the City of Prescott, since the inaugural day on August 29th 2018. On that day the City officially held a ribbon cutting celebration at the Prescott Regional Airport (PRC), welcoming commercial jet air service to the region for the 1st time; since the airports opening just over 90 years ago on Aug 28th 1928. Shuttle Prescott has the exclusive privilege of transporting United Express crew to & from its daily air operations at PRC to one of its partner hotels, the SpringHill Suites by Marriott; locally owned & operated by Ponderosa Hotel Management Services in downtown Prescott, Arizona.

The growing demand for local ground transportation has been met with a great option for private ground transportation to the hotels and locations in Downtown Prescott. Shuttle Prescott currently offers direct personal one-way trips to & from the airport, to the general public at very competitive rates. Shuttle Prescott will continue to grow to meet the needs of the community as the airport and region continues to grow, with plans of expanding its fleet to include shuttle buses and additional executive vehicles as well. *"Tourism in Prescott continues to grow every year. With commercial air service between Prescott and Denver seven days a week, and Los Angeles six days a week, services like Tour Prescott & Shuttle Prescott will be an important part of welcoming a growing number of visitors to our destination."* - John Heiney, Community Outreach Manager, Prescott Tourism Office.
