Born as Alexandra Kristine Hurly on January 14, 1992 in Norfolk Virginia. Due to premature birth she suffered from retinopathy of Prematurity which resulted in blindness. From a very young age it was evident to her that she was destined to make her mark on this world with her voice, and message.

She began singing at the age of three and playing the piano by the age of 6. In 2021, Alli K released her first single "Get Away" professionally on all streaming platforms. In 2023 She received a completion certificate through I See Music out of Chicago Illinois for adaptive navigation techniques in audio technology. Since then she has been taking on learning how to mix and master her own music along side the supportive help of friends. She is continuing to strive toward her lifelong ambition to share her music with the world. It is her life long dream to create soul pleasing albums, and singles that touch her fans in the way that their lives may need to be touched.
