COMPANY PROFILE

2024

EXECUTIVE SUMMARY

Restoration Nation is a leader in the commercial construction industry in Texas. As a result, our pride has always been in our systematic and robust work ethics. Since inception, we have been and still remain family owned and operated as our rapid growth over the years have taken place. This is what makes us Restoration Nation. To be apart of the RN team, you must others first, after-all this is our way of doing business. Our teams individual success is as important as the company as a whole's success. Making sure we provide a family felt environment is a staple in our books.

ABOUT COMPANY

At RN we understand that our work impacts people's lives and so we embrace the opportunity to be as thoughtful in all the work that we do. The foundation of our team is creative exploration and technical diligence - we aim to create holistic building solutions that directly reflect our clients' ambitions and the potential of each project. We communicate and listen obsessively because organic solutions can only stem from genuine collaboration.

WHY WORK WITH RN. We don't compromise, your success is our story. We listen without preconceptions and follow our clients vision at every step of the project; there is not loss in translation from vision to implementation because we see each project and decision all the way through.

CONSTRUCTION

JAMAL'S MESSAGE

Jamal has collected over 40 years' experience in the construction industry always having one goal, to change the industry. Jamal saw the void between clients and companies. While working globally, he learned that the world is survived by construction. Without construction, innovation is lost, and the economy will not progress. Our mission at Restoration Nation lies within our team, the people that fuel the livelihoods of generations to come!

Our team is committed to delivering the high-quality services of a nationwide leader, while using a local workforce to create customized buildings that meet your needs and strengthen the community. We at Restoration Nation, are fully committed and capable for any project we take on. From commercial real estate project conception to completion and beyond, we put our hearts into creating spaces that bring your story to life.

Jamal Odeh, CEO

OUR SERVICES

PRE-CONSTRUCTION

With our unique pre-construction service, we help you maximize value and find the balance between project features, cost, and schedule to help you meet your goals. We help to eliminate cost surprises, accelerate facility turnover and maximize the building program for your budget. Here's where full-fledged project management processes are put in place.

CONSTRUCTION

The RN construction team takes a thoughtful and proactive approach, using what we know about you and your objectives to help realize your vision, not just accepting the status quo or serving as an order taker. We don't shy away from asking the tough questions in order to uncover opportunities that often get overlooked.

DEVELOPMENT

Real estate development can be a complex tapestry of connections and negotiations, filings and approvals. Our insights in design, construction, real estate ownership and management allow us to work through complexities and manage every aspect of a project for you, from site analysis and acquisitions to economic incentive structuring and negotiations.

CAPITAL MARKETS

The heart of RN's Capital Markets team is the strength of the relationships we've built over many decades. RN has fostered successful relationships with customers and capital providers through our long-standing, proven track record of working successfully with lenders, government entities, institutions and owners across product types.

OUR CORE VALUES

RELATIONSHIP

Strong relationships are what makes RN what we are today. We believe in a healthy long-term relationship to last generations.

INNOVATION

Innovation is what makes RN different from the rest. We take our core, " Changing an Entire Industry™ ", to every decision made.

LEARNING

If you are not learning you are not changing. If you are not changing, you are not innovating. Here at RN, we innovate and progress.

CREATION

The end goal of creation is kept in our mind throughout our entire process. It is what drives RN to do things differently than the others.

OUR HISTORY

3,736 Completed Projects

346 Partnerships

Restoration Nation is a turn key solution for any project you may have. Our goal is to provide stress free and effortless satisfaction on your behalf. Our clients come back to us again and again for their interior construction and finish work. We're focused on giving building owners, tenants, architects and leasing companies precisely what they're looking for, while our approach ensures that they have a positive experience in the process. For every project, Restoration Nation handpicks each member of the team – from the project manager to the individual subcontractors – to ensure your commercial interior construction projects are done right. Your project manager fully understands the scope and specifications of your construction project, down to individual selections for materials, finishes and functionality. And, your project is not managed from the inside of a truck. We keep Project Managers physically close to their projects, so they maximize their time on site.

OUR APPROACH

Our relevant experience working at various scales and with a diversity of program components has taught us to first listen and collaborate. We lead with the efficiency and technical performance demanded by the unknowns and the potential opportunities presented by each Plan. Our clients' success becomes our story, and this propels our team to create meaningful places that are timeless and relevant.

What We Do

Our commercial construction projects include both new construction and repairs/restorations. Occupied and fully operational job sites are never a problem. And we can also plan, manage, and build multi-phase jobs with our General Contractor services.

Working Together

We offer an end-to-end client experience that includes seamless communication, budgeting, staffing, on-site organization, and solid, quality handiwork every time. This is what makes Restoration Nation a leading Construction Company.

Why Choose Us?

We work with architects and designers to produce beautiful, functional structures. Call us today and bring our commercial construction project management skills and extensive construction experience to your next project.
