

Congratulations!

“Bragging Rights”

The Veterans of Foreign Wars Auxiliary Department of Wisconsin has maintained “Bragging Rights” for the “TRAIN” vs FUDGE” - VAN competition.

This Auxiliary is AWESOME!

We kicked butt!

The State Commander & Department President’s Special Project was a **WIN-WIN** for our veterans in the fact that we; together, raised enough money to purchase the much needed van for the Center for Veterans Issues use. We together did this in record time of 4 months. This has never happened before; to accomplish a goal this quickly. Thank you to all who worked so hard to make this possible.

Now.....Commander Cory & President Inez would like to do something else that has never been done before. That is to have another *special* project, and yes, another competition! Are they up for it? Are we up for it?

If we *stick* together, this is what we will accomplish: **Train vs Fudge-“LET’S BRING THEM HOME” project.**

Supporting the **UW Missing in Action Recovery and Identification Project**

Joint Goal - \$15,000

The UW MIA-RIP works to recover, identify, and repatriate MIA U.S. service members by conducting annual field excavations and year-round research assistance to families of missing service members. The project consists of an interdisciplinary team of academic experts and student volunteers in the fields of history, archaeology, forensic anthropology, and biology—collaborating to make these missions possible, and to make these missions a success.

Wisconsin has 1,600 MIA’s. **All the Way Together**; and that’s no **Fudging** we can make a huge difference in a family’s life. Timeline for this project is **January 1, 2022 to May 15, 2022**. Presentation to be made at the State Convention Banquet.

Just like the last project, it’s a big win for the recipient project.....oh fudge....and “bragging rights” for the group collecting the most.
