

VETERANS OF FOREIGN WARS AUXILIARY
Department of Wisconsin
February 2022 - General Orders

GENERAL ORDERS # 7 MUST BE READ AT MEETING (even if emailed to Auxiliaries)

It was so nice to see so many of you at Ho Chunk. What a great way to start a Mid-Winter Conference...by kicking off a second Joint Project with the VFW. We had a good time ribbing the VFW about another loss, so they want revenge. The new project is "Let's Bring Them Home". The goal is \$15,000.00. Can we beat them again? You will be hearing more about this from Chief of Staff, Vicki Newbauer. Thank you to all who supported the "Train" vs. "Fudge" mini-van project.

Your Year-end reports are due by April 1, 2022. Be sure to read carefully so that you send them to the right person. I am sure that all of you have done something in each program to support our veterans, so please REPORT it. Toot your own horn!!

Elections are just around the corner. Don't overlook those new members. They just might be the spark that sets your Auxiliary on fire. New ideas, a new way of doing a special project, knowledge and skills on the computer, to name just a few ways a new member can add so much. Don't be afraid to step and fulfill these important positions in your Auxiliary. You can do it!!

February 14th is Valentines Day. Don't forget our Veterans...they love to get mail.

Easter is April 17th. Start thinking now about something special to do for the Veterans in your area.

I hope you all stay warm and healthy. Comfort to those who are ill or in mourning.

"Don't Fudge on Care for Veterans" while "Soaring Above and Beyond".
