Celebrations on the Farm

Caterers

You are able to choose your caterer from our list of Preferred Vendor List, or an Elawa approved full-service caterer. Our recommended caterers all have experience working at the farm.

Music

Due to restrictions, we are limited in regards to the number of “amplified music” events we can have, “amplified music” referring to your typical DJ or live wedding band with amplified instruments/vocals.

For non-amplified events, you are welcome to have live musicians unplugged.

Tent

A tent required for any event over 125. You are required to use a tent vendor from our list. These companies are very familiar with our facility and working within Lake Forest fire regulations.

Parking

All events over 75 guests you will need to provide shuttling (no valet parking is allowed).

Please refer to the list of vendors, as we only work with one company.
