

MORE THAN FARMING

According to the USDA's National Institute of Food and Agriculture, between 2020 and 2025 employment opportunities in the U.S. will remain strong for new college graduates with interest and expertise in food, agriculture, renewable natural resources and the environment.

The **MORE THAN FARMING** video series will feature:

- the **diversity of careers** in agriculture and natural resources,
- the **diversity of technology** utilized in agriculture and natural resources, and
- the **diversity of people** engaged in agriculture and natural resources.
