# STREAM MONITORING

Interactive Environmental Activities

**LOCATION: Behind Henson Middle School**

Park on side lot near the woods. No bathroom facilities.

**SATURDAY**  
**November 5, 2022**  
**10:00 AM to 2:00 PM**

**Matthew Henson MS**  
**3535 Livingston Road**  
**Indian Head MD 20640**

## Why Monitor Neighborhood Streams?

- Record data on stream and habitat health.
- Engage in hands-on environmental learning.
- Learn how human activity affects native species.
- Measure pollution components and levels.
- Improve the health of our community.

**VOLUNTEERS SHOULD BRING: Boots or closed-toe shoes , clothing that they don't mind getting dirty, and a bag lunch. If needed also bring sunscreen & bug spray . We will have water , snacks, and work gloves available.**

This community event is an environmental project of Steam Onward with support from the CHesapeake Education, Arts and Research Society (CHEARS) and Charles County Government.
