KANINE KAI SERVICES

GENERAL IN HOME DOG TRAINING PROGRAMS

WHAT WE DO:

We know that dogs and owners have individual needs.

We use a mix of least intrusive, minimally aversive training. (LIMA).

KANINE KAI METHOD[™] brand training program with over 30 years of research and development, that makes sure the animal learns the desired skill at their speed and the information they are learning is learned and tested not a short term fast program, that the animal may forget in a couple of weeks after training. We currently have an overall extremely high success rate in all our programs.

Our canine education programs do not just educate the canine, but the owner also, on the fundamentals on proper dog training custom fit to the canine & owner's needs & canine educational level. Not all canines learn at the same level, so our programs are adjustable to their ability...

All our training programs share the dog owners wishes and beliefs.
