The Moms for Liberty – Hernando County Chapter - is dedicated to the survival of America by unifying, educating and empowering parents to defend their inalienable parental rights at all levels of government. They do not Co-Parent with the Government or the K12 Cartel. As parents they believe they have a fundamental right to direct their children's education, morality, medical care and religion, and that right does not stop at the classroom door. M4L is a non-partisan parental rights group. All members of the community are welcome to attend as well as their friends and guests.

Mr. Floyd showed a video (Know your Enemies) and touched on local issues that occurred at Fox Chapel (resulted in national attention) and Springstead high schools. He also cited some of the sexually explicit books that are found in Hernando School Libraries. He stated that most teachers do a wonderful job but it's 1% that overstep their teaching curriculums. There were some technical difficulties with Mr. Floyd's videos... for those interested, we have added links to those videos under Wellingtonrc.com <https://wellingtonrc.com/moms-for-liberty>
