Denver Botanic Gardens Plant Select® Annual Meeting!

We would like to take this opportunity to thank our event sponsors; DBC Irrigation, Hunter, Denver Botanic Gardens, Colorado State University, and Botanical Interests! The generous support of our sponsors in tandem with your event registration helps to fuel gardening education, networking, and enthusiasm throughout our region!

We look forward to seeing all who have registered on June 6th at Denver Botanic Gardens!

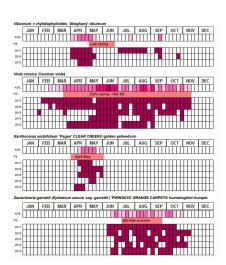

Event Information

Ann Frazier Plant Select® Phenology

Environmental Scientist, Ann Frazier, promotes sustainable landscaping and ecological restoration through horticultural research and analysis at the Denver Botanic Gardens. Ann has compiled a Plant Select® Phenology from 2012, 2014-2017! Check out this great resource for horticulturists, designers, landscape architects, beekeepers, homeowners and more!

Thank you, Ann!

Sedalia, CO Sedalia Museum and Gardens

Sedalia Museum and Gardens received a Plant Select® Showcase Garden Award in 2014 and the gardens still look fantastic today! Road trip to Sedalia Museum and Gardens this summer!

The museum is open from mid-April to mid-September.

Saturdays: 10 a.m. to 2 p.m. Wednesdays: 1 to 3 p.m.

4037-A North Platte Ave. Sedalia, CO 80135

Sedalia Museum and Gardens

"Demonstration gardens surround the museum and are maintained by museum members and Master Gardeners from the Douglas County Cooperative Extension Office. The property is owned by the West Douglas County Fire Protection District."

When hail hits, penstemons rock!

May 22nd delivered the first hailstorm to Fort Collins this spring. Watching hail wreak havoc is heartbreaking, but there are heartwarming moments after the storm. Penstemon varieties withstood the unforgiving barrage of hail bringing that hope and warmth! Plant Select® penstemons are great to have in your garden not only for their beauty, fantastic colors, the pollinators they support but also for their fine texture and ability to withstand pounding hail.

Red Rocks® and PIKES PEAK PURPLE® Penstemon after hail.

June 9, 9 AM - 2 PM Conservation Gardens Fair at Northern Water 220 Water Ave Berthoud, CO
