Plant Select's goal is to create smart plant choices for a new American Landscape inspired by the Rocky Mountain Region

Add these beauties to your landscapes starting next spring
Our 2022 collection will soon be here!

FREEDA™ Caterpillar Grass

This ornamental grass offers big entertainment value all year. Its flowers initially resemble caterpillars, but unfurl

Blazing Star Meadow Gayfeather

This native *Liatis* is a favorite among Monarch butterflies, native bees, hummingbirds and goldfinches. With its

HALF PINT™ Pineleaf Penstemon

The scarlet-red flowers on this compact penstemon attract hummingbirds and butterflies from June to

into playful, fuzzy-looking eyebrows. In the winter, the crown turns dark chocolate.

Find *Echinacea tenesseeensis* at a [Plant Select member garden center near you!](#)

In the garden with Grace *Echinacea tenesseeensis*

[Brighten a mid-summer garden with Tennessee purple coneflower.](#) This butterfly magnet is ideal for prairie gardens and drought-tolerant gardens. Tennessee purple coneflowers were once endangered in the wild, but conservation efforts have brought them back. To see Tennessee purple coneflower in its full glory and discover what makes its flowers VERY unusual, watch this wonderful video recorded by Denver Botanic Gardens Horticulturist Grace Johnson at [Chatfield Farms](#).

See what people have been buzzing about

Looking for ways to create a stylish, yet naturalistic, garden? The hot ticket at Plant Select's annual meeting was Kelly Norris' presentation on gardens that resemble the wild outdoors that we love. If you missed it but want to feel inspired, check out Kelly's book: *New Naturalism – Designing and Planting a Resilient, Ecologically Vibrant Home Garden*.

Need a showy plant for difficult-to-grow locations?

If you haven't tried Shimmer evening primrose yet, get it this fall or next spring

Plant Select is excited to be adding

Oenothera fremontii 'Shimmer' to its collection. This plant looks delicate with its yellow, papery blossoms and silvery green leaves, but it's drought tolerant and tough as nails. An awesome addition to dry borders, xeriscapes and difficult roadside beds.
