

DANIEL
Visual UI Designer

User + Empathy
= Innovation

ABOUT ME

Camilo Jiménez is a passionate visual designer with 15 years of experience creating eye-catching designs for brands worldwide. He enjoys every part of the process, always striving to make each project unique and special.

By blending creativity with solid strategy, he delivers designs that not only look amazing but also connect with users. Camilo is always looking for new ways to innovate and finds collaborating with international teams incredibly exciting, allowing him to learn about different cultures and add his unique flair to global projects.

For him, being a visual designer isn't just a job—it's how he enjoys life!
