Dear Folks,

I'm sending two things with this, one is a theme I wrote and another is a check for $ .90. Frame the check! It is the smallest check ever gotten. It is the rest of my travel pay.

I guess I want the polaroid camera. It is the best and I want to see the pictures before I send them to you.

Moreno called me at the office the other day. I'm going down memorial day weekend. I might leave till Saturday since I have a date Friday.

I hope you understand what I try to say in my theme. I know you will accept what I say, but try to understand it, I mean apply it to your life, the way it was when you were young. I guess I better go.

Love,

Dan

P.S. I put a copy of my Letter of Appreciation from Ed Jackson.
