Collaboration Highlights:

During this quarter, SSVF at UVM has strengthened its collaboration with the VA to serve HUD VASH clients who need, rental deposits, rental arrears, and/or housing counseling support and assistance. As part of this collaboration, two new Housing Counselors have been hired to help HUD VASH clients with housing searches as well as being landlord liaisons to help with the leasing process.

Successes:

- During Q3, the Local 45-60 Day Satisfaction Survey had an 83.33% completion rate. This is an amazing completion rate for a voluntary survey. Of note is for the quantitative portion of the survey, 7 of the 12 questions averaged a perfect score of 5.0. For the qualitative answers, the quote of the quarter is “the SSVF program has given me hope and encouragement in believing that I will get housed.”
- The SSVF at UVM program began implementing local exit surveys to continue to gather exit satisfaction data from clients in the absence of a National VA SSVF survey

Improvement Plan Highlights:

- Review of Threshold Scoring Criteria to include added points for clients 70 and over
- Update of the SSVF at UVM Prescreen to include more detailed information to allow for quicker and more accurate referrals to services
