Outreach:

SSVF at UVM continues to be deeply engaged with state and municipal outreach:

- Continued monthly support and participation in the 3 federally recognized CoCs, VT-500 VCEH, VT-501 CCHA, and NY-516 Clinton County, NY
- Participated in the ongoing State COVID-19 Housing Calls (Virtually)
- Participated in the VT Emergency Housing and Homelessness Summit (Virtually)

Direct Homeless Engagement:

- 15 of 15 (14 VT, 1 NY) counties had outreach conducted in FY21 Q1
- 174 out of 270 townships had outreach contacts in FY21 Q1
- 159 Path, Community Meal, Camp Ground, or Faith Based outreach contacts made in FY21 Q1
- 384 total outreach efforts made FY21 Q1

Successes:

- The number of outreach efforts during FY21 Q1 at 384, significantly increased as compared to FY20 Q1 at 218.
- Relating directly to the outreach efforts above, although the number of screened clients in FY21 Q1 (54) was very similar to FY20 Q1 (51), the number of eligible clients significantly increased to 32 (59.3%) as compared to 20 (39.2%) in the same period last year. This speaks to the quality of referrals being received at SSVF at UVM and community resources having a good understanding of SSVF at UVM program requirements.

Challenges:

- The greatest challenge for SSVF at UVM at this time is to continue to maximize the use of remote contact in all facets of the program. This includes outreach, enrollment, and case management. Many organizations are still working remotely or not conducting in person business causing many outreach efforts to be conducted by email, phone or mail. While some in person enrollment and case management is now taking place, a large amount of this important work continues to be by phone, email, and text.
