INTRODUCING THE NEW
CHRONO SPORT

CHRONO SPORT

Sportive, stylish and very competitively priced, the new Chrono Sport timepieces are well positioned to hit the ground running. This new collection combines a sportive, retro character with contemporary specifications. Demonstrating its versatility, the collection will be launched in two variations: a Chrono Sport Retro range and a Son of Time Moksha Special Edition.

Chrono Sport Retro

This Chrono Sport Retro range collection counts three executions. Powered by the reliable Miyota 6S20 chrono movement, the Chrono Sport Retro timepieces are available in a 46mm size. Each model shows a different case/bezel combination. The CHS1 comes with a PVD black coated case, the CHS2 with a steel case and PVD black coated bezel while the CH3 also has a steel case but a PVD dark titanium coated bezel. All executions sport leather straps, sapphire coated crystals and a screwed crown. In line with TW Steel standards, all Chrono Sport Retro models are 10 ATM water resistant.

Moksha Special Edition

The Chrono Sport also functions as a base model for the latest Son of Time creation: the Moksha Special Edition. Designed and built together with Sinroja Motorcycles and BMW UK alongside the Moksha custom bike, the TW987 packs a punch. Like most Son of Time watches, this model matches black and red colours perfectly while adhering to the undeniable TW Steel attitude. In terms of specifications, these are in line with the Chrono Sport Retro models.
