TW STEEL

NEW CANTEEN

Ø42MM AND Ø46MM

The Canteen is back! Its characteristic design changed the watch scene 15 years ago. Taking strength from size, the unique crown and hook were an instant classic. Now, 15 years after its birth, the icon is back. The same characteristic look but enhanced with new features and ready to make more statements.

Features

Coming in 9 fresh designs, all new Canteen models are equipped with a Swiss made movement. The TW1000 and TW1001 feature a Ronda 6004. D movement, while the other models are powered by a Ronda 5030. D chronograph movement. The redesigned, screwed crown makes it easy to adjust time and date. In addition, the stylish hook now operates the chronograph and functions as a reset button. In line with its premium nature, every model is equipped with scratch resistant, anti-reflective sapphire crystal and extra long battery life).
