\$_ Construction Cost Consultants

Dear Sever,

It has been a pleasure collaborating with you on several of our projects. I would like to express our sincere appreciation for your ongoing support of MCM Architects. The Maryland Park School addition stands as a prime example of your ability to navigate fluctuating market conditions and your meticulous attention to detail on this complex project.

Thank you to you and your team for all your hard work, it has been a pleasure working together.

Regards,

A handwritten signature in black ink, appearing to read 'Aleksandr Olivson', with a stylized, flowing script.
