FOR IMMEDIATE RELEASE

Fairfax County Board of Supervisors Applauded on their Vote on Casino and VA Gaming Commission

Date: December 9, 2025 2:43PM

Fairfax, VA - The No Fairfax Casino Coalition is pleased by today's decision of the Board of Supervisors to include in their legislative agenda language that clarifies its position on casino development in Fairfax County.

Representatives from No Fairfax Casino Coalition and Tysons Stakeholders Alliance attend Board of Supervisors meeting.

The Coalition applauds this action by Supervisors to send a clear message to pro-casino interests in the General Assembly that the County isn't asking for a casino and that no further casino development should be undertaken until the legislature enacts a statewide gaming commission. Chairman McKay's letter accompanied by Supervisor Alcorn's amendment will serve to clearly state the County's position on the matter.

The idea of a casino in Fairfax County has been met with strong disapproval by county residents who object to the prescriptive nature of the state legislative proposals to expand casinos to Fairfax County to date and recognize that planning decisions like this are best made at the local level.

About No Fairfax Casino Coalition:

No Fairfax Casino Coalition is a grassroots group of Fairfax citizens working to make it known to policymakers, the media, and developers that a casino development is not welcome in Fairfax County. Visit [No Fairfax Casino](http://NoFairfaxCasino.org) website to see a listing of NFCC Partners in Opposition that represent well over 200,000 Fairfax residents.
