- More info to follow.

## Newsletter

This term we have been learning about nature and seasons. We focussed on Winter, birds, ice and polar animals. After half term we will be reading some traditional stories and finding out about Spring, as well as Easter. We are also busy planning our annual visit to see the lambs next door!

We took part in the big garden bird watch and made lots of different bird feeders. The giant nest we made at forest school was very popular!

## Reminders

Remember to label ALL items, including drink bottles and bags.  
All children need an afternoon snack.  
If someone we don't know is collecting your child please let us know.
