

The Idyeas Group offers strategic advisory services in global public health and scientific program management to government, corporate and non-profit clients, helping to move their projects and programs from the proposal stage to successful completion.

"We help our clients deliver success!"

DIFFERENTIATORS

- Drive ramp up and roll out of new projects with the precision required to guarantee success.
- Facilitate building the right team to ensure successful project implementation.
- Facilitate development of granular project plans that guide successful implementation and prevent failure.
- Measure and assess impact of global health projects, including evaluation of performance against project milestones & timelines as defined in contract or grant award.
- Liaise with government officials, acquisition staff and key stakeholders (local & foreign), for problem resolution on projects.
- Provide support for the full project life cycle from proposal to completion.
- Guide design and implementation of quality and performance improvement activities to get failing projects back on track, and optimize opportunities for excellence.
