

## Who we are;

An experienced provider of grant/contract review services for life science and public health organizations.

### We work with:

- Health/Biotech/Biopharma Startups.
- Emerging Global Health Organizations.
- Current & future USG Contractors and Grantees (including SBIR/STTR).

### What do we do?

- Review/Audit of Grant & Contract Applications.
- Personalized Govt Funding Opportunities Plans (GFOPs).
- Strategic Advice/Coaching.
- Webinars.

### Key Partners;

- State & County Economic Development Agencies.
- Innovation Centers.
- Incubators/Accelerators.
- University Tech Transfer Offices.

### Why us?

- Specialist in CDC, NIH & PEPFAR grants & contracts.
- Experienced former federal government project manager & contracting officer representative perspectives on an as-needed basis.

### What's in it for you?

- Compliant proposals and project plans with a higher potential for success.
- Greater success at attracting non-dilutive Govt funding for early stage & innovative projects.
