

**Test-Taking SolutionTM
Foundation**

Afterschool Program Survey

It can be a challenge to create the perfect Afterschool Program for a community. While the current Test-Taking Solution Foundation Afterschool Program located at the entrance of the Brookhollow Neighborhood in South Jackson off Hwy 18 is very successful, we realize that each community is unique.

Your responses to our short survey will help us to better plan for the Accelerated Community-based Afterschool Program (ACAP) that we will implement one day at the property that was once the Harvey Construction Company site, located at 523 Mayes Street in Jackson, MS.
