

24 Volt DC High Torque Commercial Slide

INTELLI-SLIDE X6

IQ-X6

SLIDE GATE
OPERATOR

High Torque
Continuous Duty
24 Volt DC motor

Gold Zinc Plated 1/4"
Steel Frame

Extreme Duty
sealed gearbox

MC4 Control Board

(2) 12v 7ah
Batteries provide
over 100 cycles
during power
failure

High Efficiency Motor and Gearbox Assembly handles gates upto 45 feet or 1500 lbs.

Magnetic Chain Limits with built in soft start/stop that is field adjustable

Programmable Plug In Loop detector sockets

Field Programmable Speeds, Inputs, and Outputs

Motor Disconnect Switch for Manual Operation

Solar Ready

**UL 325 (2018)
Compliant**

Manufacturer of Automatic Slide, Swing and
Barrier Arm Gate Operators

IQ GATE SYSTEMS
The Leader in Gate Automation

24 Volt DC High Torque Commercial Slide

INTELLI-SLIDE X6

“INTELLI” Series

The Intelli Series Gate Operators by IQ Gate Systems are built to the highest standards. Designed to provide years of exceptional service, the Intelli Series operators are manufactured in the USA. Utilizing only the highest quality components, the Intelli Series Gate Operators continue to set the standard for gate automation. Specializing in 24 Volt DC technologies, IQ Gate Systems has always been a pioneer in the industry.

IQ-X6

SLIDE GATE
OPERATOR

Model	IntelliSlide X6	IntelliSlide X6-HS
Gate Speed	12" per Second	24" per Second
Capacity: Up To	45 Feet or 1500 lbs.	25 Feet or 600 lbs.
Duty Cycle	Continuous	Continuous
Input Voltage	115, 208, 230, Solar	115, 208, 230, Solar
On Board Accessory Power	12 and 24 VDC	12 and 24 VDC
Usage Class	1,2,3,4	3,4

The IntelliSlide X6 is equipped with the MC4 which provides the following features:

- 40 Character LCD Display with LED Backlighting
- 7 Day Open and Security Timer
- Programmable Inputs and Outputs
- Partial Open Feature
- Anti Tailgate Sequence
- 2 On Board Loop Detector Slots
- Quick Close Loop Detector Program
- On Screen viewable volt/amp meter and Event Log
- Programmable Motor Speeds, Delays, and Soft Start/Stop
- USB/PC Interface
- UL325 (2018) Compliant with over 4 Monitored Inputs
- PreWarn and Motion Warning Alarm

Options:

- Additional Chain
- Rack And Pinion Drive
- Stainless Steel Chain
- Photo Eye
- Loop Detectors
- IP Enabled Interface
- Wireless Dual Gate
- Solar Kit
- Cold Weather Package
