Evaluation Time

- **Current athletes do not need to be evaluated. Parents can simply register online and coaches will place them knowing their skills**
- **If a current athlete would still like to be evaluated they can sign up for an individual spot on April 26th**
- **New athlete evaluation day is May 3rd or May 17th: They will be given an individual spot on this day to demonstrate tumbling, jump and flexibility if a flyer**
- **New athletes: We highly encourage new athletes to join us for our open gyms and work shops before their evaluation day**
- **Stunt call backs: You will receive an email giving you what day and time you should have your athlete report to call backs on May 18th and May 19th**

Team Reveals

Pink Carpet Event: Is a dress to impress event, where athletes will walk the pink carpet as their names are called and teams are announced with who will be the coaches for the team for that year.

Team Commitment

It's crucial for all team members to attend every practice as there are no substitutes in this sport. Thank you in advance for emphasizing the importance of attendance and commitment to your team!

- Time commitment is determined by your teams division.
- There will be a google form link shared when the season starts and you are asked to submit every day your athlete is unavailable. **EVEN IF IT'S NOT A SCHEDULED PRACTICE DAY.** This form will be provided by the coaches with a spreadsheet of all unavailable days and will help us schedule extra practices, camps and choreography to ensure every athlete on the team can attend. This form is open all season long so as events arise, you can submit.
- All teams have camps and choreography outside of practice that is mandatory, these will fall on the weekend and will be worked around the attendance spread sheet.
- Excused absences are graded school events, a contagious illness with doctors note or an absolute family emergency such as a death.
- Consequences for consistent unexcused absences: Reduced routine time, extra conditioning, or other penalties depending on the severity and timing of the missed practice.
- Black out dates: We will provide a break down of all black out dates at the first parent meeting. It is mandatory for athletes to be at all practices the week before any competition. Missing black out dates could result in consequences.
- After 2 unexcused absences there will be a \$20 charge, with \$5 added to each additional unexcused practice. Just submitting an absence on the attendance spread sheet does not make it excused. It needs to be approved by a coach to be excused. You are responsible for reaching out to your team coach for approval. Example: 3rd missed is \$20, 4th missed is \$25.

Summer Expectations

- **We understand how important your time is in the summer, so we try to be accommodating. But we ask you understand and prioritize important summer dates such as choreography and team practices. This sport requires commitment all season long.**
- **Summer is when your athlete will get the opportunity to grow in their own skills, it is important to be present at as many practices as possible to ensure your athlete can fulfill their responsibilities on their respected team.**
- **Choreography dates are mandatory, that is when we create their routine, and without even 1 athlete it can put the whole team behind or your athlete will not get the spot they deserve due to not being there.**

Communication

We like to communicate early and often!

- **Make your BandAPP profile.**
- **Each team will be given their own group for team specific conversations.**
- **Emails are sent from Iclass**
- **Coaches are available 10 min's before practice and at the end of practices.**
- **Each team is also assigned two team parents as reps (Team Mom)**

Gym Etiquette

- **We have an accommodating parent viewing area which is the only place we ask the parents to be while watching your athlete practice.**
- **To maintain a positive and supportive environment, we ask that conversations in the parent viewing area remain encouraging and respectful. If you have any questions or concerns, please bring them privately to the owner, director, or coaches rather than discussing them with other parents, as this can lead to miscommunication, misunderstandings, and negativity.**
- **We ask you refrain from hanging around the front desk as we don't want to make it confusing for when new families enter and need assistance.**
- **Parents are not to be on the practice floor, at the white gate or in front of the practice floor without permission. We understand it's an open space, but we ask you respect the boundaries when practice is in session. We do not want any distractions when our coaches are working with the teams.**
- **Food and drinks are only permitted in the parent viewing area, and we ask you please clean up any trash you might have before leaving.**
- **We understand siblings come along. We have made a kids zone area just for them. We ask the toys stay in this space and no running in the gym.**

Uniforms & Attire

- Appropriate practice wear is to be worn at every practice. Sets are ordered over the summer and will be worn when they arrive.
- The girls will wear a bow in their hair at every practice. This ensures their hair is up and out of their face and won't be a distraction. Bows are mandatory due to the fact they will be competing in bows and need to get used to performing skills in them.
- Cheer shoes are to be worn at every practice. This gives them the chance to break them in and get used to doing their skills with them. Our novice team wear white sneakers and others wear black. You are able to get any brand cheer shoe you like.
- Athletes can NOT have ANY piercings and/or jewelry of any kind on the competition floor. Band-Aids and clear space holders will not be allowed.
- Athletes will not have colored or tinsel hair at competitions.
- Competition hair and make up will be assigned per team. Any accessory or make up required will be provided. Hair pieces will not be offered through EA. The assigned hair and make up will not be up for compromise and will be re worked by team moms/coaches the day of if needed. We ask you respect the look we are requiring as this is the look we want to be representing Electric Athletics.
- At competitions the only acceptable attire is uniform, program jersey, cheer shoes and the warm up set. We require you to stay in full competition uniform for the entirety of your required day. Before meet time and after dismissal you are free to be in anything you'd like.
