106 total games played to include Kilgore High School, DKSC Classic League, DKSC ECNL league, DKSC Semi-Pro League and all tournaments. That's 80 minutes a game multiplied by 106 = 8,400 minutes or 142 hours on the pitch.

I live in Longview and play in Dallas: 248 miles round trip, On average 2 trips a week multiplied by 40 weeks = 20,000 miles a year. Approximately 400 hours in travel time.

The average miles ran per game is 4 to 6 so it's safe to say 424-636 miles ran this year in soccer. Played in 101 deg and 28 deg weather. Practice hours were about 270 for the year.
