why fiberglass?

durable

- fiberglass doors won't dent, rot or rust.
- withstands wide temperature ranges.

beautiful

- our doors are made to look and feel like real wood.
- beautiful decorative glass patterns to accent your home and personal style.

low maintenance

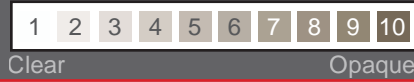

- durable fiberglass construction requires
- less maintenance than wood or steel doors.

energy efficient

- solid foam core offers 5 times the insulation value of wood.
- double pane insulated tempered safety glass.

Classic-Craft® Decorative Glass

Glass Privacy Rating

Adding glass to your door will maximize the beauty and curb appeal of your entryway. Choose from a variety of decorative glass options or opt for grilles, blinds, clear or energy-efficient Low-E glass. Our glass collections offer a variety of privacy levels and coming options to fit your personal style.

Arcadia

Gray tinted baroque glass accents the beautiful design of Arcadia glass. Rounded brass coming is set with seeded glass of unevenly stretched air bubbles. Clear curved bevels cast dramatic light reflections. Available in Brass (1A), Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 5.

Augustine

An enchanting collection that embodies nature with its organic flowing lines and leaves. Insulated glass seals an authentic, abstract Rustic wrought iron design between clear and granite glass.

Glass Privacy Rating: 10.

Cambridge

Clear curved beveled glass creates a graceful design with brass coming that's set amid crystalline glue chip glass. The Cambridge glass pattern is enhanced with a ripple glass border. Available in Brass or Brushed Nickel coming.

Glass Privacy Rating: 8.

Homeward

Linear shapes exemplify this Prairie-style look. It combines clear bevels, seeded glass and gray artique glass. Available in Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 4.

Longford

Granite field glass and seeded glass create an elegant design reminiscent of Gaelic heritage. Choose either Brushed Nickel or Black Nickel coming.

Glass Privacy Rating: 8.

Classic-Craft® Decorative Glass

Glass Privacy Rating

Clear

Opaque

Lucerna

Lucerna decorative glass makes a statement of style and sophistication from the curb, while the soft beauty of natural light is reflected inside. Named for the beauty of light it reflects, Lucerna glass presents an elegant, updated fleur-de-lis pattern.

Glass Privacy Rating: 7.

Provincial

The symmetrical diamond design in the Provincial glass pattern is surrounded by shimmering ripple glass and bordered with gray tinted baroque glass. Your choice of either Brass (1A), Brushed Nickel (1C), or Black Nickel (1D) coming.

Glass Privacy Rating: 6.

Villager

Its geometric inspired pattern brings together gray artique glass, clear bevels, hand-blown style glass, clear, rain and bronze water glass for an artisan look. Available in Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 5.

Granite (XN)

Maintain maximum privacy while letting natural light into the home with this simply elegant design.

Glass Privacy Rating: 10.

Rain (XR)

Maintain maximum privacy while letting natural light into the home with this simply elegant design.

Glass Privacy Rating: 8.

Craftsman Low-E Clear

Our insulated clear glass doorlites are tempered with a Low-E coating and double-paned.

Glass Privacy Rating: 0.

Opaque

Arborwatch

An eclectic interpretation of the Arts and Crafts movement, Arborwatch combines narrow reed glass, M seedy glass, waterglass and coming in a symmetrical arrangement accented by pale amber glass, amber antique glass and clear bevels.

Glass Privacy Rating: 6.

Borrassa

A statement of strength and beauty, Borrassa combines linear and curved wrought iron with hammered glass for the ultimate privacy. Wrought iron decorative accents add an authentic Old World feel to this stately design.

Glass Privacy Rating: 10.

CCM-702 Shown

Lucerna decorative glass makes a statement of style and sophistication from the curb, while the soft beauty of natural light is reflected inside.

Fiber-Classic® & Smooth-Star® Decorative Glass

Glass Privacy Rating

Riserva

Riserva decorative glass features a combination of linear and curved wrought iron elements that create a simple yet graceful design. Riserva features aceana glass for privacy with a look that enhances a wide variety of home styles, including Mediterranean, Old World and Southwest.

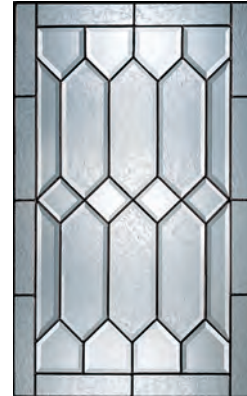

Glass Privacy Rating: 10.

Blackstone

Generous clear, curved bevels reflect shimmering light while a new rainglass texture offers added privacy. Your choice of Brushed Nickel or Black Nickel coming.

Glass Privacy Rating: 7.

Crystalline

Crystalline Glass sparkles with beveled, clear and crystalline glue chip glass that's combined to create this diamond design. Accent this design with your choice of Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 7.

Salinas

Insulated Oceana glass provides maximum privacy, and seals in a narrow Black wrought iron grille protecting it from the elements.

Glass Privacy Rating: 10.

Maple Park

This peaceful and comforting design features water and granite glass along with clear bevels and a soft arc that create a craftsman-inspired look, well suited for all types of homes. Available in Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 6.

Avonlea

Features clear baroque glass that creates fluid lines in a free-flowing leaf pattern that's accented with bronze water glass and Black Nickel (1D) coming.

Glass Privacy Rating: 4.

Fiber-Classic® & Smooth-Star® Decorative Glass

Glass Privacy Rating

Wellesley

Wellesley glass design combines clear bevels, clear baroque, granite and water glass with a graceful center star. Available with Brushed Nickel (1C), Black Nickel (1D), or Brass (1A) coming.

Glass Privacy Rating: 6.

Concorde

Reflected light is captured and made to dance through gracefully curved bevels—meticulously crafted in old-world coming. Available in Brass (1A), Black Nickel (1D), or Brushed Nickel (1C) coming.

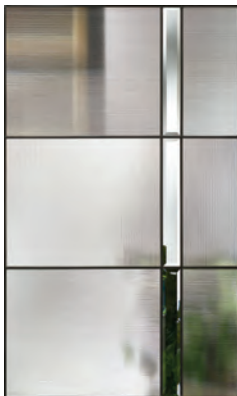

Glass Privacy Rating: 8.

Pembridge

Simplistic in its design, Pembridge features a field of hammered glass framed by gray baroque glass and multifaceted bevels. A central diamond shape adds a decorative touch. Available in Brass (1A), Black Nickel (1D), or Brushed Nickel (1C) coming.

Glass Privacy Rating: 7.

Axis

Simple and smart, Axis combines narrow reed glass in horizontal and vertical arrangements to create contrast and modest privacy. A vertical band of clear glass bevels completes this linear design, ideal for Modern home styles. Available in Black Nickel (1D) coming.

Glass Privacy Rating: 7.

Sedona

Sedona glass reflects a classic mission style that uses distinctive beveled glass lines with unique bubble patterned glass. This style can be accented with either our Brushed Nickel or Black Nickel coming.

Glass Privacy Rating: 7.

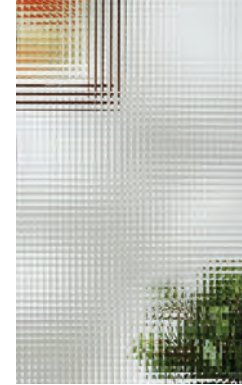

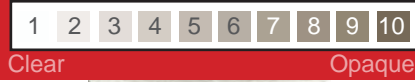

Saratoga

Saratoga's design blends diamond, clear bevel and reed glass in a distinctly original pattern. Detailed in Brushed Nickel (1C) or Black Nickel (1D) coming.

Glass Privacy Rating: 7.

Fiber-Classic® & Smooth-Star® Decorative Glass

Glass Privacy Rating

Screen Vented Internal Blinds

Screen vented lights offer a built-in screen for ventilation featuring a gliding operation and sash locking system

Internal blinds offer light control and privacy. Our Internal blinds also come with a built-in tilt feature. Comes with insulated clear glass, which is tempered and double-paned.

Geometric (XG)

A sleek cubic texture with a unique multidimensional view and ever-changing perspectives.

Glass Privacy rating: 7.

Modern Appeal.

The New Flat Frame is designed for sleek designs with a clean, contemporary look.

Features a lower profile with no corner seams for a sleek and modern aesthetic.

Frame material is heat and fade resistant for enhanced durability.

Stain or paint any color, even when used with a storm door.

Choose from many different privacy, decorative, and textured glass options.*

Selected glass is inserted between two outer pieces of glass for improved noise reduction, greater energy efficiency inside the home, and easier to clean surfaces.

*Certain glass options not available in certain styles.
Please check with Sales Representative for more information.

New Smooth Star Shaker Style Flat Panel

Delivers a contemporary look while staying true to the minimalistic elements of the Shaker style.

Solutions for 5'0" Openings

Do you currently have a 5'-0" opening with a pair of 2'-6" doors and wish that you had a wider, more inviting entry door? With our 10" sidelites you can achieve that dream. We can provide you with a wider 3'-0" door with two 10" sidelites to assist you in opening up your front entry without having to do any major remodelling.

Classic-Craft American

The American Style Collection with the look of Douglas-Fir graining is inspired by the American Craftsman movement of the early 1900's. The clean vertical lines, solid wood edges, architecturally correct stiles and rails, and recessed panels harkens back to the era of simple artistry and purity of design.

Classic-Craft Mahogany

Elegant and sophisticated, the Mahogany Collection doors capture the intricacies of authentic Honduran Mahogany wood. A rich, distinguished design, Mahogany style doors are especially suited to European, Victorian and Colonial home designs.

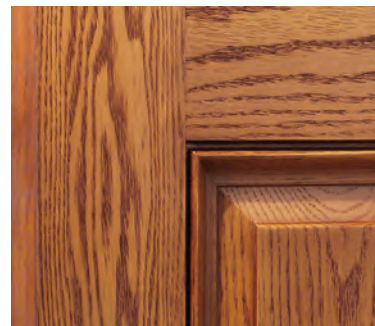

Classic-Craft Rustic

A beautiful door from the Rustic Collection embodies all the character and charm of Tuscany and the American Southwest. These doors have the look of real wood grain, and the simple yet authentic hand-craftsmanship of the artisans that originally created these door styles. Available in arch and radius styles, and can be finished with clavos, hardware and strap hinges to fashion enchanting entrances of Old World charm.

Classic-Craft Oak

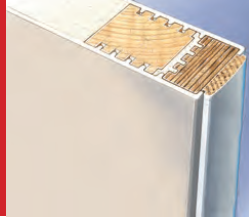

Imagine the beauty of Oak wood for the front door of your home with all the added benefits of fiberglass. With warm, White Oak grain that rivals authentic hardwood the Oak Collection is the perfect complement to ranch homes, which are the most common architectural style in American housing.

Classic-Craft Canvas

Come home to a sleek, modern entryway with a door from the Canvas Collection. The collection is designed with a smooth, paintable surface for ease of adapting to home interior and exterior finishes. Canvas doors are built with rich embossment details and wide center panels for the custom wood door look.

Fiber-Classic Mahogany

Designed to capitalize on consumer preferences for darker woods in home interiors, Fiber-Classic Mahogany extends this look to the outside of the home with entryways that deliver timeless styles and beautiful finishes.

Fiber-Classic Oak

With high-definition panel embossments, Fiber-Classic Oak continues to pair the durability and strength of fiberglass with the traditional styling of Oak, making it a perfect fit in a variety of home styles.

Smooth-Star

Get the look of fine painted wood and the strength of steel with the Smooth-Star Collection. It's an excellent value in a fiberglass entry door, made of rugged compression-molded fiberglass with deep detailed panels. This design creates beautiful shadow and contours on your door's surface.

Accugrain is a door casing process that uses multiple dies to product different graining types to cast the appearance of real wood into our fiberglass doors. At a high-level, the process starts with building a wood door using select pieces of wood that have the graining and wood characteristics we want to reproduce.

They then enhance the wood door using proprietary technology to enhance the natural graining depth on the wood before casing. Then, with the graining technology, the final

product undergoes multiple casting. This process, called random depth graining, combined with the multiple dies to product different graining types, makes our fiberglass doors virtually indistinguishable from real wood doors.

Traditions Steel

These sturdy steel doors are specially designed to bring you the strength you need at an excellent value. The collection features doors that are primed white and ready-to-paint.

20 Minute Rated Fiberglass

- All of our opaque Classic-Craft, Fiber-Classic and Smooth-Star doors can be ordered as a 20-minute fire-rated product that features a proprietary cement core, the doors deliver increased protection over polyurethane foam.
- From smooth to grained, we've got the products needed to meet national and local code requirements for garage-to-house entry, Multi-family residential properties and Hotel/Motel unit entries.

* Meets California WUI Fire Code.

Multi-Point Locking System

- MPLs add greater security
- Stability for enhanced door system performance
- Stainless steel construction resists rust and corrosion

Hardware

Multi-Point Locking Systems (MPLS) (Recommended)

Engages the door and frame at three critical points from top to bottom for enhanced stability compared to traditional deadbolt assemblies. Features premium stainless steel construction that resists corrosion.

NEW Grip-Style MPLS

New grip-style handlesets offer an intuitive approach to the multi-point locking system with on-trend aesthetics. A simple 90-degree twist of the thumbturn (interior) or a key (exterior) is all it takes to engage the door frame at three points with no need to lift the handleset lever. An integrated mishandling device protects the door and frame from accidental damage. Features deadbolt located above handleset.

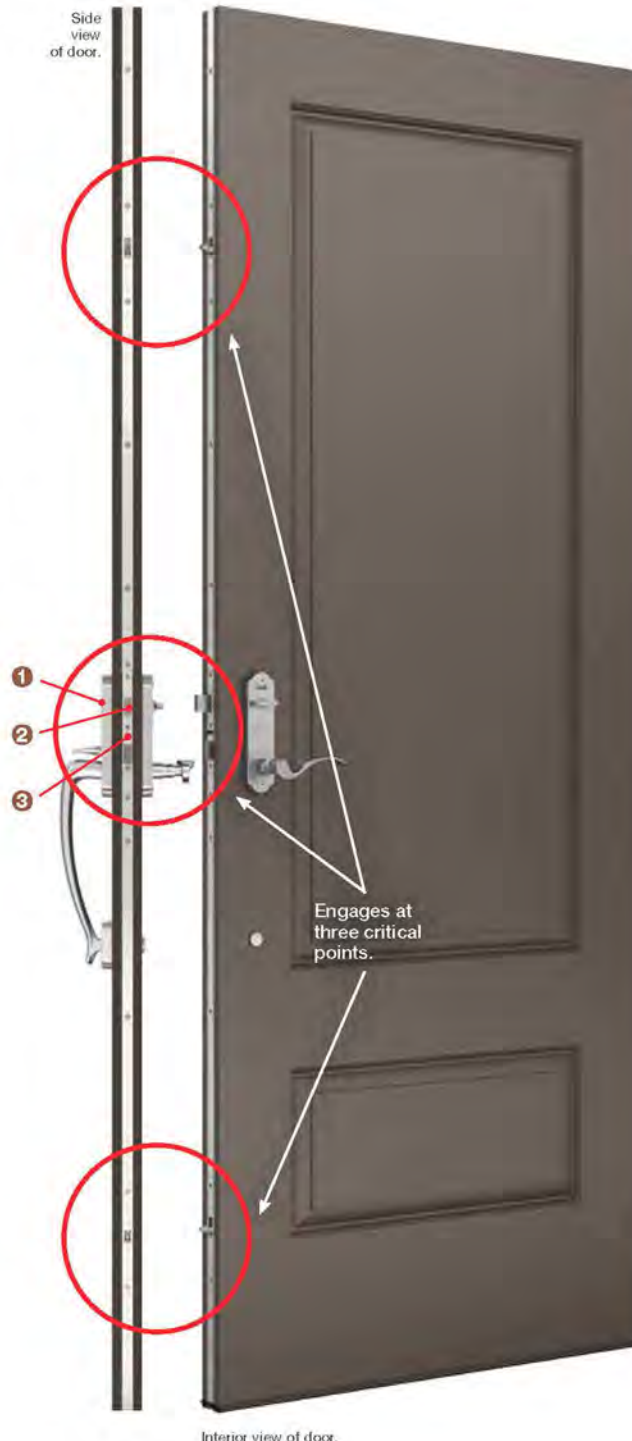

(Highly recommended for 8'0" fiberglass doors. Not recommended for steel doors. Strike plate package available. Active option only.)

Standard Door MPLS

Tongue
(for single door systems.)
Heights: 6'8"
7'0"
8'0"
Configurations:
Inswing
Outswing

- 1 Self-lubricating locks.
- 2 1" premium stainless steel deadbolt.
- 3 Integrated mishandling device.

Smooth-Star Collection

- Features smooth, ready-to-paint surface with high-definition panel embossments.
- Includes 1-1/4" lock and hinge stile, as well as 12-1/2" lock block for increased rigidity, stability and security.
- Engineered with composite top and bottom rails for increased moisture prevention.
- Multiple sidelite configurations offered to complement any entryway opening. 10", 12" and 14" options offered in select styles.
- Limited lifetime warranty.

Craftsman-Lite 2-Panel
Shaker Flush-Glazed

2-Panel
Craftsman Shaker

A transitional update to the historic Shaker style, new Smooth-Star Shaker-style doors and sidelites feature flush-glazed glass and recessed panels delivering a simple design with broad appeal. Ideal for homes that take design cues from Farmhouse, Prairie and Modern architectural elements, Shaker-style doors and sidelites bridge the gap between yesterday's styles and today's trends.

Available in Smooth-Star, starting on page 165.

Flush-Glazed Fiberglass Door Replacement Rider

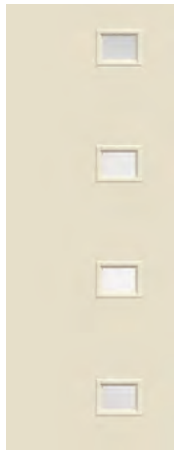

Provides protection in case of accidental glass breakage during residential and multi-family construction or installation. Thermo-Tru will replace the flush-glazed fiberglass door and sidelite.

S8000 Clear

FCM608-SDL

Tailor the look of entry and patio doors with simulated divided lites (SDLs) in smooth-textured bars.

Designed to add visual interest and complement a variety of home styles, SDLs can extend a home's divided lite look to every entry point, creating a cohesive exterior appearance. SDLs can also be layered over GBGs to create a high-end, authentic divided lite look to match your windows.

T.M.Cobb now proudly offers smooth and textured full cobbposite exterior frame and exterior brockmold!

Ask your Sales Representative for more information.

Cobbposite available Smooth and Textured (Stainable)

Create a Clean, Sleek Look with SDL Bars

Wide SDL bars for flush-glazed doors and sidelites offer a contemporary look homeowners desire while allowing more natural light into the home. These flat SDL bars make a statement and are the perfect way to bring style to a home's door while enhancing the look of privacy and textured or clear glass.

Born and raised in Oklahoma, Troy “Ty” Cobb brought his Mid-American values and Midwestern work ethic with him when he moved to California at the age of 22. After working for a time at the tire factory, Cobb joined Mox Lumber Company and quickly became the head of

the Sash and Door Department. From there, he moved on to the Red River Lumber Company’s Sash and Door Department. Piloting his Model A Ford, Ty served dealers from Los Angeles through San Diego and into Arizona.

In 1935, Ty took his hard earned life savings of \$5,000 and started his own business, T.M. Cobb, at 5800 S. Central Avenue in Los Angeles. The company was founded on the same principle upon which Ty had based his entire career, a dedication to quality, service and personal integrity.

A hard working and frugal man, Ty earned the respect

of both his customers and employees. He spent his entire adult life building T.M. Cobb from the ground up, overseeing the company’s incredible growth and expansion over the next three decades.

Ty passed away in 1970, but the company continues to build upon the foundation he established. Since 1970, T.M. Cobb has expanded its facilities to allow for total coverage throughout California and neighboring states. Owned and operated by second, third, and fourth generation Cobb family members, T.M. Cobb operates six manufacturing plants, four distribution warehouses and six offices. But despite the many changes in T.M. Cobb over the years, the one constant has been the persistence of Ty’s original vision: To supply lumber and building material dealers with a wide selection of quality products and knowledgeable, responsive service at fair prices.

Today, T.M. Cobb and Therma-Tru Doors bring the widest selection of fiberglass and steel doors, all in-stock for fast delivery. T.M. Cobb’s relationship with Therma-Tru spans decades. This close relationship assures you of quality products along with high service levels.

Visit us on the web: <http://www.tmcobb.com>
