# SPONSORING THE TEAM

As a self-funded, 501(c)(3) non-profit organization, Broad Run Crew must rely on the financial support of individuals and sponsors to further our mission to promote and develop amateur rowing at Broad Run High School in Loudoun County.

Broad Run Crew does not receive any funding from Loudoun County or any sports associations. All athletes are responsible for raising the required funds to participate in rowing on the Broad Run Crew team. Fundraising, donations, and corporate sponsorships aid the athletes in affording the cost of rowing for the crew team.

Broad Run Crew looks forward to having many successful seasons ahead. With the financial support from donations and corporate sponsorships, the athletes will be able to achieve their goals of being a highly successful rowing team!

Please consider becoming a corporate sponsor by making a tax-deductible donation to support our team. All donations made to Broad Run Crew are tax-deductible.

# ABOUT THE TEAM

Broad Run Crew was established in 2017 by a group of crew parents interested in establishing a crew team at Broad Run High School. Broad Run Crew is classified as a Tier 3 varsity rowing club.

Broad Run Crew had 40+ athletes on the roster for the spring 2024 season. The team looks forward to recruiting more athletes with each season.

During the spring season, Broad Run Crew competes in regattas at Sandy Run, and in May heads up to Philadelphia, PA to compete in the Stotesbury Regatta, the largest high school regatta worldwide.

The team had a great 2024 season with three boats securing bronze medals at VA States and one receiving an invitation to compete at the 2024 SRAA National Championship in New Jersey.
