2023 – Public Articles

Kenigson, J. (2023, January 25). *A course of natural philosophy: Prelude to a discussion of mathematical entities*. **Curriculum in Classical Pure Mathematics**, Cambridge, UK.

Kenigson, J. (2023). *Lectures on Lebesgue measure: Notes for a workshop on measure theory*. **Curriculum in Classical Pure Mathematics**, Cambridge, UK.

Kenigson, J. (2023). *Some physical-cosmological applications of differential forms on Riemannian n-manifolds*. **Curriculum in Classical Pure Mathematics**, Cambridge, UK.

2022 – Public Articles

Kenigson, J. (2022, December 29). *From quark chromodynamics to cryptography via Hilbert spaces and the theory of elliptic functions*. **Curriculum in Classical Pure Mathematics**, Cambridge, UK.

Kenigson, J. (2022, December 27). *Some remarks on the theoretical and categorical development of homological and cohomological notions in algebraic topology and the symmetry of manifolds*. **Curriculum in Classical Pure Mathematics**, Cambridge, UK.
