

Thermal Tech & Temp

Induction Heating Equipment

INDUCTION OVENS

KEY FEATURES:

- Allows for pre-heat up to 1200 degrees.
- Allows for uniform preheat and stress relief of metals.
- Powered by Miller ProHeat 35.
- Quick Heat Up Times.
- Very Portable.
- Energy Efficient.
- No Fumes/Venting Required.
- Safer Than Open Flame.
- Cost Effective.
- Controlled Cool Dow Times.
