

# Thermal Tech & Temp

## Electrical Resistance Heating Equipment

### STANDARD 6-WAY POWER CONSOLE

### KEY FEATURES:

- The 6-WAY power console incorporates a 1.5" tubular frame with a 1-1/4" tubed handle and kick bar. The entire assembly is fully welded, ground down, polished and then powder coated black.
- The front and back panels are 14 guage steel and the side and roof panels are 16 guage. All panels are powder coated. Beneath the lid is a removable support system to prevent the lid from bending, and also to allow support a recorder.
