

- TABS, GROMMETS, & MAGNETS -

All of our tabs are custom made to fit any size application & are stitched on the edge in between the layers of material to secure its place. Grommets are then punched into the tabs so that the blanket can be placed easily on your application. Magnets will allow you to place a blanket vertically or overhead position.

KEY FEATURES:

- Easy installment
- Simple attachment
- High-temperature resistant
- Uniform heating
- Makes for repetitive heating
