## **COMMUNITY OUTREACH PROJECT**

---

Hi,

My name is Zach, and I'm a senior in high school. I have been playing music pretty much my entire life; French horn, trumpet, piano and voice. Music brings meaning to my life. I started The MuZach Project as a way to give back to my community. No matter your age, 1 or 100, music can bring meaning to your life too. Whether you learn only a few notes, an entire piece, or just listen, I promise you will be inspired.

Thank you for allowing me to share the power of music with you.

Musically Yours,  
Zach
