

New Jersey Association of Twins' Mothers Clubs, Inc.

Scholarship Fund

The New Jersey Association of Twins' Mothers Clubs, Inc. is a non-profit organization founded for educational, research and social purposes. Our members are mothers of twins, triplets or higher order multiples. In our desire to invest in the future, the Scholarship Committee of NJATMC was formed in 1977; and our first scholarship was awarded in 1978. We award two types of scholarships.

Our first scholarship is The Scholarship for Higher Education. Children of NJATMC members are encouraged to apply for this scholarship - both the multiples and their siblings are eligible. This scholarship is to provide aid in the form of a grant to assist the student with any expenses arising out of their pursuit of a post-secondary education: college, trade, or technical school. These expenses include, but are not necessarily limited to, tuition, books, and living expenses. We have awarded over \$209,000 in scholarships each year since 1978.

Our second scholarship, The Dorothy Ahern Memorial Scholarship, is awarded to a NJATMC member who is continuing her education while raising a family. Although not as popular as our student scholarship, we have awarded over \$27,000 since its inception.

Please consider making a donation and help us continue our long tradition of "Investing In The Future".

Please feel free to reach out to me with questions you may have.

Thank you for considering a donation to the NJATMC Scholarship Fund.

Carolyn Kazmer, Chair
NJATMC Scholarship Committee
