IT'S TIME FOR CAMP! IT'S TIME FOR EXPLORATION 2023!

Global Science Envirotech, Inc. is proud to extend a welcome to the fourth year of collaboration of the Summer Learning Initiative (SLI), formed through primary funding from the United Way of Rhode Island:

Global Science and Envirotech, Inc. (GSET, Inc.), Ocean State Kidz Club, other partners throughout the city, the University of Rhode Island SIS Laboratory Team and Mystic Aquarium are happy to offer a 6-week in-person “STEAM+C” Explorer Center summer camp for middle schoolers from June 20th to August 4th and a more involved high school program that’s a little longer and lasts until August 11th, 2023. More time will be available for high schoolers if needed.

Biotech- DNA and Enzyme studies and Cleanroom UV Curing ROV Projects

“STEAM+C“ uses Environmental Sciences, Technology, Engineering, Additive (3D Printing), and Mathematics to build upon projects and ideas to explore and find ways to fight Climate Change, Exploring Land, Inner and Outer Space!

We invite 8th-12th grade students and exceptional 7th graders who want the challenge, to focus on basic electronics, Computer-Aided Design, ROV, video production, and areas of

2

Biotech learning about health, safety, exploration, and integration of “Hands-On” projects that can help humankind!

We will also: Visit and add projects working with the subject areas in STEAM + C such as University of Rhode Island, Mystic Aquarium, and a little-known start-up company known as Quantum Photonic, R&D, LLC!

**Where:** 1370 Cranston Street Lab, and CampXL, Hugh B. Bain Middle School, YMCA-Swim, and other campsites (TBA) to apply your inventions!

**Who:** can come? Any incoming 7th-12th graders

**When:** From 8 AM-3 PM, Monday through Friday, June 19th to August 4th; specific scheduling will be extended during August for high school youth because of the difficulty of the projects.

Save the date: For our celebration event (TBA), and a special award and scholarship ceremony for high school youth in the Fall of 2023 (To Be Announced)

What can you expect at GSET Explorer Center Summer Camp?

1. Small group projects and exploration
2. Monitoring electronics, design, building, testing ROVs, and video production with “Roll-Out” to Vimeo and Youtube platforms!
3. Field studies and trips to increase, enhance, and improve learning and to maintain memory of STEM, reading, writing, and math during the
4. Visits from other enrichment providers
5. Secondary education exploration and “Hands-On” skills
6. Job and career development using GreenSTEAM
7. Stipends, Gift Cards, and Part-Time jobs for a few lucky youths that do well during camp...and much more!
