

Why choose Hilltop...

Hilltop has been in business since 1955. We continue to offer an outstanding program that children and families have come to enjoy and refer to other family members, friends and neighbors year after year. We have exceptional teachers and our tuition rates are very competitive. Children leave Hilltop very well prepared for kindergarten and have a positive attitude about school and learning.

Our experienced and caring educators are familiar with the Early Childhood Program Standards and the Guidelines for Preschool Learning Experiences which are based on the standards for Pre-K Massachusetts Curriculum Frameworks. The Guidelines are used to plan curriculum that provides experiences that build broad and balanced foundations for learning in all content areas: English Language Arts, Mathematics, Science and Technology/Engineering, History and Social Science, Health and Education, and Arts.

Teachers plan a rich variety of learning experiences that appeal to all the senses – visual, auditory and physical. A combination of individual, partnered, small group and large group activities are used so your children will experience various kinds of social interactions. By providing an atmosphere of learning through discovery and play, our program provides children with an environment enriched with readiness activities to help prepare them for their entry to more formal schooling.

Our dedicated teachers will work with your child to encourage a life-long love of learning and sense of competence which will be carried into the kindergarten year and beyond!
