Competitors may be walking, using a wheelchair or mobility aid.

Unless otherwise specified, all riders **must** wear an approved safety helmet.

US01 Ridden Concours d'Elegance

Open to Heavy Horses & Gypsy Cobs. Partbreds eligible for Sunday's led classes may also enter this event.

The Concours d'Elegance is a 'Competition of Elegance'. It is a ridden costume class (not a fancy dress) where the competitors' outfits are inspired by times gone by when ladies & gentlemen would display their wealth and position with fine clothes and horses. Costumes need not be historically accurate.

Riding Astride: In keeping with the tradition of the ridden Concours events, the rider's skirt should cover the rider's legs and saddle and flow back over their horse's rump and top of the tail but remain above the hocks.

Riding Aside (side-saddle): Competitors riding side saddle should wear an outfit in keeping with the more traditional 'riding habit' with the skirt falling to the side of the horse – the same side as the saddle horns - covering the rider's legs.

Helmets are optional for adult riders and a rider who chooses to wear one will not be disadvantaged however it should be 'dressed' to be in keeping with the outfit. Helmets are mandatory for all Junior riders (under 18 years).

Male riders should be dressed as gentlemen or in historic military outfits. Once again, historical accuracy is not as important as the general impression.

The event will be judged on the circle at a walk and trot with possibly a simple individual workout. The judge will be looking for the total package – horse, rider and outfit that shows style and elegance. The horse should display manners and education and the rider confidence in themselves and their mount.

US02 Heavy Horse/Cob Handy Horse

Horses to be ridden in a snaffle bit. Workout to include walk, trot, canter & back-up. Competitors may be asked to jump a small jump, bend poles, pick up an 'item', or similar such tasks.

Open to heavy horses and cobs that qualify for Saturday's led classes.

US04 Heavy Horse/Cob Under Saddle – Under 15hh (Horse must be nominated & cannot be substituted)

Open to Adult riders on heavy horses or cobs

US06 Junior Rider Under 18 years (Rider must be nominated & cannot be substituted)

Open to Junior riders on heavy horses or cobs

Best Horse & Rider Award To qualify for the Best Horse & Rider Award you must be a winner or the highest placed competitor behind an exhibitor who has already qualified in ridden classes. Only classes US02 to US06 are eligible for this award. For example, the winner of class US02 will qualify for the Best Horse & Rider award. If they then win class US03, the second place getter will become the qualifier from that event. For those competitors sharing a horse with a Junior rider, only one of you can qualify as a horse cannot be judged for the award twice.

Horse and rider will be judged on a workout as directed by the judge on the day and they will be looking for the all-round, 'total package' of horse & rider.

* The ridden Concours d'Elegance class is not a qualifying event for Best Horse & Rider.

The Driver will be judged on his or her ability to calmly negotiate their equine through the course.

Similar to a Pumpkin Snatch, this event requires two competitors and a single heavy equine or cob to be driven in a slide. One competitor is the driver while the other (the 'snatcher') must remain on the slide at all times. The equine is driven through the course alongside the sunflowers and the pots are to be picked up and placed on the slide. At the end of the course, the equine and slide turn back and the sunflower pots are to be placed back in position.

*The course is to be completed at the **WALK**. Any break into a trot will incur a penalty, a break into a canter is disqualification.*

The fastest time without penalties wins. A clear round with no penalties beats a faster round with penalties. Penalties are incurred for error of course or breaking into a trot.

A horse may enter this class no more than twice – with a different driver each time. A driver may enter no more than twice – with a different horse each time. A 'snatcher' may enter multiple times

Points will be recorded on a score sheet and the competitor has a right to view his or her scores.

When turning at ends it is the competitor's right to either lay the plough down or take it around upright.

A single horse may enter each event no more than twice – each time with a different driver, and a driver may enter no more than twice but with a different horse each time.
