CHAMPIONS:

1. To be eligible for series awards, a rider must compete in half of the total number of events. If event total is an odd number, the total will round up. The series Overall, Pro Championships will count the riders scores from all rounds. Each individual class championship will drop their 2 lowest scores if there are 9 or more events and 1 lowest score if there are 8 or less events. If rounds are canceled during the series the original number of throw always will be counted. Riders may not use a canceled round as a throwaway. Throwaways are based on the total amount of events raced.
2. All riders who earned a Class Championship for the series in the previous year will be allowed to display their earned number during all competitions provided they participate in the same class or finish top three in a class.
