**Alliance or White Hats:** International group of individuals dedicated to penetrating and dismantling the dark agenda plan over the past few decades.

**Adrenochrome or White Rabbit:** A chemical by product of high adrenaline content in the blood. Some circles believe that the most potent and purest forms of adrenochrome are harvested from frightened or traumatized babies or young children. People will drain or draw out the victim's blood after the abuse, inject, drink or administer it via infusion into a recipient as a euphoric, recreational drug. It allegedly is also an anti-aging serum. The reason it is called the white rabbit is because the adrenochrome chemical make up looks like a white rabbit.

**Agenda 21:** A plan for depopulation, developed by the United Nations Department of Economic and Social Affairs, Division for Sustainable Development, as part of a sustainability policy.

**Awakened/Awakening:** To start moving through life consciously aware, connecting to your soul or higher self. Awakening is multifaceted: mental, emotional, physical, and spiritual. All awakenings lead to greater freedom. When individuals wake up, — that spreads outward and leads to collective liberation. Some people are more awake and able to see what has been hidden and disguised in our physical world, while others are more awake and able to see what has been hidden in our spiritual world. Once those who are awake to physical or matter disclosure come together with those who are awake to a spiritual revelation, they will become a light force that cannot be stopped. Beings of Light or spiritual beings are here to assist us during this Great Awakening time.

**Apocalypse:** From its Greek origins, this word means “revelation”—to uncover or reveal what was not known (finding the truth) before the unveiling. It has been misinterpreted to mean the final destruction of the world. It is simply the end of the old world as we work together to create a new Earth. It is the end of the world and for those exposed for their dark deeds and the beginning of a new world for the rest of humanity.

**Black Nobility:** The “Black Nobility” are/were the oligarchic families of Venice and Genoa, Italy, who in the 12th century held the privileged trading rights (monopolies). **Beings of Light:** Non-physical beings on Earth and in the Universe who are here to assist us and protect us from harm. These include Guardian Angels, Spirit Guides, Ascended Masters, Archangels, Benevolent ETs, God, or The Creator.

**Cabal:** Ancient ruling bloodlines who see it as their divine right to control humanity and every aspect of the human experience. Working with dark forces, they use fear tactics, symbology, numerology, and other tools to retain control. They were formerly known as Illuminati until more people caught on and started exposing their secrets. Over the millennia, they have often rebranded to keep themselves and their dark agenda hidden. To confuse the masses, they choose names that stand for the opposite of what they really represent; for example, Illuminati indicates being enlightened, but they are false Light. As Zionists, they misidentified themselves as Jewish, but they are not. They are the global leaders of the dark side and work diligently to maintain their agenda and purpose of control and evil ways.

**Chakras:** Energy centers in the body that help people stay balanced and connected to both Earth and Heaven. There are seven main chakras that run along the spine. **Clearing or Smudging:** The process of releasing negative energy, letting go, and discharging mental, emotional, physical, and spiritual clutter within one's auric field so that all that remains is a clear path, purpose, and connection to the Divine. **Dark Overlord:** Also referred to as Satan, Lucifer, Beelzebub, Devil, and other names representing the purveyor of fear, deception, and temptation. This non-physical entity is represented in many different depictions and exists for the sole purpose of propagating the fear and darkness many call evil. He has numerous minions of varying authority levels working in every system on Earth until we cleanse the planet of him and his deeds. The Earth will then be restored to a place of peace, as it was before fear arrived.

**Dark Side/Black Hats:** The dark contrast in the human experience. As souls, we agreed to experience the differences or contrast of the Earth school and accepted the challenge of finding our Light in the darkness, also called duality. There is a dark side in all things; even within ourselves, this is part of the Ego energy. The darkness is meant for us to learn through and not to be consumed by it. When our souls collectively choose for Earth to be a resting place, the dark side will cease to exist, and fear will simply become a medium for growth.

**Dark to Light:** Restoring the balance of contrast. Fear and darkness have been spreading over our planet like a virus to the human hearts and minds. The Great

**Deception or Inversion:** Fear disguised as love and darkness disguised as Light. The dark side or negative energy has always known how to deceive the human mind into acting in ways that cause harm against ourselves and others, believing we are doing it for the Light or positive reasons. Evil forces have learned how to master the use of energy against the “good or Godly” people. This is constantly used to manipulate the masses for their needs, desires, or religious beliefs. Discernment is the key to staying above the fray and deciphering whether what we are being told is the truth of good or a deception painted as such. Always trust your instincts or soul.

**Deep State/Globalists/Elite:** A group of individuals and their multi-layered corporations manipulate and control every aspect of the collective human experience and give the illusion that we have free-will-choice through blind compliance. This evil web controls religion, education, government, financial institutions, all mainstream media, food production, medicine, and nearly every avenue of life. They control humanity from the belief that they possess superior minds and capabilities, and the masses are incapable of choosing what is best for them. In this belief, they have infiltrated the entire human experience and broken the prime directive of free-will-choice.

**Deep Underground Military Bases (DUMBS)/Tunnels:** DUMBS can go miles deep underground all across this planet. Some of these DUMBS are said to be completely self-sufficient, with food supplies, lakes, ammunition and weapons, medications, etc. Tunnels may or may not be connected to DUMBS and are hundreds of miles long. Tunnels have been discovered in Washinton DC and in many other states in America. Tunnels have been found across the world, even connecting continents where oceans have separated them.

**Dimensions:** Spiritual (as opposed to physical) dimensions of consciousness. The higher we raise our personal consciousness into greater loving and higher Light, the more we move into higher dimensions of living and being. Collectively, we have all been living in a third-dimension reality where we have experienced the polarity of fear and love. The fourth dimension has converged with the third dimension and is why we have been experiencing challenges and extreme duality. The fourth dimension is driven by emotion. It is the bridge between heaven and Earth. It is called the dark tunnel, limbo, spiritual prison, breakdown, cocoon, dark night of the soul, and other names for the darkness of transformation before exiting into the fifth dimension. The fifth dimension is heaven on Earth as our minds, hearts, bodies, and spirits exist in peace, love, prosperity, and harmony with all other beings. The fifth dimension is the Ascension destination. There are even higher dimensions for consciousness and energetic co-creation.

**Dogma:** A strict set of principles, rules, or beliefs. It is the groundwork of many religions and also can be an ideology of any kind where “my way is the only way.” It can be so ingrained that it becomes part of an individual’s personal identity. This can lead to being so blinded by their belief that they simply cannot see anyone else's perspective.

**Empowerment:** Finding our true divine human potential within ourselves and using our divine power to help heal and transform the world.

**Enlightenment:** The mind becomes open to allow more creative Light to enter, and as this happens, we can see new possibilities for ourselves and all life on

ETs have been spoken and written about since the beginning of known time. These non-human life forms can be either benevolent or malicious. Angels and demons might also be included among them, as mentioned in some ancient texts.

**False Evidence Appearing Real (FEAR):** Fear is the lowest vibration we can experience. It is our primary response to stress and negativity. It is instinctual to basic survival. However, for many people in our lives, it became a tool for control and manipulation. Fear provides us with opportunities for growth and learning through the darkness; however, holding onto fear-based beliefs prevents us from moving forward and finding our true divine potential within the human experience.

**Fear-Based Beliefs:** Individual and collective beliefs that keep us small-minded, limited, divided, and controlled. Fear-based beliefs stifle the human spirit and keep us from the freedom to fully and lovingly create and co-create a reality where everyone thrives. Fear-based views create division from each other and God or Higher powers.

**Federal Reserve Bank:** The Federal Reserve is the central bank for the United States. Its decisions affect the U.S. economy, and therefore, the world. This makes it seem highly suspicious to many people because it is not subject to either voters or shareholders and has never been audited.

This configuration is based entirely on debt and borrowing money that pays interest. Our birth certificates and social security numbers are used to borrow against us. Productive taxpayers are considered assets or cargo, while unproductive members of society are considered liabilities by those who control the system.

**Freemason:** A member of an international order established for mutual help and fellowship, which holds elaborate secret ceremonies of which one is worshipping Satan as their “god”, etc.

**Frequencies & Vibrations:** Everything is made from energy, which carries a vibration and frequency. The heart emits an electronic vibration & frequency. The planet has its vibrations and frequencies. Lower energy vibrations & frequencies are based on fear, and higher ones are based on love. Lower, fear-based energies are dark, heavy, oppressive, limiting, and sabotaging. Wallowing in them can lead to a disease of the mind, body, and soul. Higher, love-based energies are uplifting, light, expressive, expansive, respectful, grateful, and empowering. Living in them makes all things possible.

**Global Currency Reset or Quantum Financial System:** The envisioned future balance and restoration of all currencies worldwide to total value based on each country’s natural resources. This may also include complete debt forgiveness between countries to start with a fresh balance sheet. There would be a transition phase as the New Earth would be based on love and harmony backed by precious metals, mainly gold and silver.

Men, women, and children of all ages and from all backgrounds can become victims of this crime, which occurs in every region of the world. The traffickers often use violence, blackmail, fraudulent employment agencies and fake promises of education and job opportunities to trick their victims. Over 600,00 children go missing in the US every year, and over 8 million world wide. The US is the largest consumer of human trafficking. Human trafficking is the highest illegal trade in the world and outnumbers even the drug trade. We all need to do our part to STOP it; humans are NOT for sale for any reason!

**Illuminati:** The Illuminati (plural of Latin illuminatus, 'enlightened') is a name given to several groups, both real and fictitious. Historically, the name usually refers to the Bavarian Illuminati, an Enlightenment-era secret society founded on 1 May 1776 in Bavaria, Germany.

**Intent:** Where we hold our thoughts, attention, morals within our intentions. Our intent is the power behind our words and or actions. Thoughts, if held long enough, become our beliefs, and beliefs lead to actions. Our attention and intention on how and where we place our focused thoughts—can manifest or drive the creation of our reality.

**Infiltration:** Darkness hijacking minds, organizations, and systems. Our minds are directly connected to a stream of consciousness through multiple dimensions, all the way up to the highest divine, loving truth of God. This is how we are inspired to create and imagine in the likeness of God. If we do not protect our minds, the stream of consciousness can be hijacked by lower energies, as dark, negative, and fear-based thoughts. This hijacking causes us to think, act, speak unlovingly, hurtful ways toward each other. Negative influences have infiltrated every person who has ever performed acts of so-called evil or harmed another being and mainly done through fear and the ego. Prayer, meditation, and specific intention can create spiritual protection from infiltration. Infiltration of organizations and systems can also occur as individuals with ill intent make their way into the decision-making positions and turning a well-meaning organization into a nefarious one without anyone's awareness of the change.

**Inner Work or Going Inside:** Digging into our past beliefs, painful memories, traumas, and unresolved issues to heal, resolve, let go and discharge everything that does not serve our highest good and blocks us from being in higher energies or Divine flow. This is based on the understanding that wherever we go, we take ourselves with us. If we are to be the change in the world, we must first be willing to change ourselves; to dive deep into our psyches to heal all that needs to be healed and resolved. We do this to serve our souls and the group consciousness.

**Knights Templar:** The Knights Templar was a large organization of devout Christians during the medieval era that carried out an important mission: to protect European travelers visiting sites in the Holy Land while also carrying out military operations. They lovingly support all belief systems, knowing every person have their path to God and often directly connect with God or The Creator. Some are also referred to as Light Leaders and Light Warriors.

**Maritime Law or Admiralty Law:** This is a combination of U.S. and international law that covers all contracts, torts, injuries, or offenses that take place on navigable waters. Admiralty law traditionally focused on oceanic issues, but it has expanded to cover any public body of water, including lakes and rivers, and was moved to our lands through a disguise. Under the Act of 1871, the U.S. dropped its Constitutional law of the land for an international law such as this. The United States became a corporation or “ship,” and the people were considered dead or “cargo” under Admiralty Law.

**MK Ultra:** Project MK Ultra is the CIA mind control program and is the code name given to a program of experiments on human subjects.

**Multi-Dimensional:** The consciousness of experiencing life and circumstances through more than one spiritual dimension. Multi-dimensional consciousness is

part of human expansion. Although we live in the physicality of Earth, which is presently based on fear, our consciousness can communicate with higher dimensional beings and experience our reality in higher dimensions of thought. Through multi-dimensional consciousness, we can bring heaven to Earth.

**Negative Influences:** Unseen deception and dark infiltration. Negative influences exist in all systems and are so pervasive they can keep us mentally and spiritually asleep and blind to the bigger picture playing out on our planet.

**Nikola Tesla:** Nikola Tesla was a Serbian-American inventor, electrical engineer, mechanical engineer, and futurist best known for his contributions to the design of the modern alternating current electricity supply system.

Because all beings are created equal and are equally worthy of love and thriving, we take care of each other, all life forms, and the Earth by loving choice.

**New Age Wisdom:** The current era of enlightenment. Combines new spiritual understanding with ancient wisdom. Tools and healing modalities once used in ancient times have been restored with a deep love for Spirit. Many who don't understand this as a profoundly loving and divine light practice have been taught to be afraid of it. Some have been taught that new enlightenment is evil when it is quite the opposite. This misperception is another deception fed to humanity to maintain fear, keep us divided and prevent us from finding more love, light, freedom, and spiritual connection.

## Definitions and Terms

**New Earth:** What the planet will become once we rise up and out of our present fear-based 3rd-dimensional reality and create an entirely new reality-based solely in love. This New Earth is akin to the Garden of Eden—the peaceful place Earth was before fear was introduced to the planet. We left our divine Mother’s garden to experience right/wrong perspectives and learn from our experiences through the contrast of fear. We are returning to the garden where all of life flourishes so we may once again be at peace and connected.

**New World Order:** A plan for the Cabal/Elite/Satanist/Freemasons—those who see themselves as above the rest of humanity—take over every world system and remove personal freedom. It is a plan of absolute control in disguising security and total power in the guise of safety. Their plan is one global government, with all banking, currency, taxes, healthcare, food, education, and environment all managed under one system. Those at the top make choices for all the rest, which feed into the system through human production. Simply put, it is a slave and master system, with the slaves, treated well enough that they don’t revolt. On the surface, it is sold to us in a way that looks much like One Earth Consciousness, which is why so many people unconsciously support it; but it is a deception. They mirror each other, one on the light side and the other on the dark side, leading to opposite realities.

**Oneness:** The understanding that we as humans are all one body of consciousness, and we are all one with The Creator/ Universal Energy Source or God. As such, it is impossible to be separate from each other. All choices we make—individually, as co-creators with God, and as inter-creators with each other— affect all life on Earth and become our collective reality.

**Operation Blue Beam:** A project whose purpose is to create an artificial second coming in order to control people. First, abolish all Christian and traditional religions in order to replace them with a one-world religion based on the cult of man. Second, to abolish all national identities and national pride in order to establish a world identity and a world pride. Third, to abolish the family as known

today in order to replace them with individuals all working for the glory of the new one-world government.

**Operation Lock Step:** A document released by The Rockefeller Foundation that showed how global elites had planned to manufacture the COVID-19 pandemic for the last 10 years in order to implement a police state.

**Operation Mockingbird:** Operation Mockingbird was a bit of a two-pronged approach to dealing with the media: on the one hand, journalists were routinely employed by the CIA to develop intelligence and gather information, or to report on certain events in a way that portrayed the US favorably. On the other, there were actual plants within the media—paid off with bribes or even directly employed by the CIA—to feed propaganda to the American public.

**Operation Paperclip:** Operation Paperclip was the codename under which the US intelligence and military services extricated scientists from Germany, during and after the final stages of World War II. The project was originally called Operation Overcast, and is sometimes also known as Project Paperclip.

**Patriots:** Individuals who are sworn to uphold the original constitution of their free countries and are committed to the freedom of humanity and all life on Earth. Many also consider themselves to be revolutionaries and rebels against the tyranny of the New World Order. The dark side uses mainstream media to portray Patriots as gun-loving, racist, misogynistic, anarchist, right-wing, lunatic conspiracy theorists. Most are simply in the online trenches fighting for the freedom and protection of all humanity.

**Pedophilia:** The sexual attraction to children who have not yet reached puberty.

**Ponerology:** is derived from the Greek word *poneros*, from the branch of theology dealing with the study of evil. A Polish psychiatrist Andrzej Łobaczewski adopted the term "ponerology," in which individuals

with personality disorders (especially psychopathy) occupy positions of power and influence. The result is a totalitarian system characterized by a government turned against its own people. He states that these individuals infiltrate an institution or state in such cases; prevailing moral values are perverted into the opposite or inverted. This is what Satanists do.

**Project Looking Glass:** Advanced technology owned by the U.S. military allowing individuals to see into the future to view all potential outcomes. This secret project was leaked to the public in early 2020. It is hypothesized that this technology came from reverse-engineering crashed extraterrestrial spaceships. It works by computing all timeline options and alternate realities related to the end game, providing the “Alliance or good guys” with the ability to navigate each play so that every possible scenario ends with the Light winning on behalf of humankind. It is akin to a very complex chess game, requiring forethought of every possible move made by both the Light and dark sides. Each side plays out their actions for the intended final result before leading into the next phase of human evolution. The “Black hats” or Satanists also have one of these computers.

**Quantum:** A unit of energy, especially electromagnetic energy, is the smallest physical quantity that can exist independently. A quantum acts both like a particle and like an energy wave. Photons are examples of quantum. It is the last measurable form of physical energy before moving into spiritual energy.

**Satanists and Satanic Rituals:** A religion that practices or performed to appease Satan, these are criminals and psychopathic individuals who use Satanism as a justification for murder, rape, kidnapping, child abuse/pedophilia, and similar activities. Satan is the overseer of darkness and is the God of false Light. He has also been recognized as Lucifer, the fallen angel of Light. Following him presumably guarantees to become a star—an eternal legend in the limelight with limitless wealth and notoriety. His guarantees, however, require human sacrifice, often cloaked in the guise of war or violence, while using God’s name in vain as

justification for harm against the bodies of humanity. Sacrifices are also performed in secret rituals, ensuring that one's soul is committed to the dark side. As we create a world based in love, all who worship the dark side and sacrifice children & humanity in exchange for greed will be exposed.

**Second Coming:** The return of Christ Consciousness. This return ensures we all ascend into a new reality of unconditional love, inner peace, mutual acceptance, and divine oneness. Some believe this Christ Consciousness has already returned to the planet and has played a vital role in the spiritual awakening of the masses, which has been in process since the 1960s. Others believe The Christ will return in physical form to lead the way into a New Earth reality and oversee the reconstruction of humanity.

**Secret Societies:** Organizations whose activities, events, functions, or membership are concealed from non-members. These societies are hidden for a reason because they practice evil intent and dark magic. The Illuminati or Deep State, The Freemasons, Skull and Bones, Jesuits, Bilderberg are a few currently known groups. Some also postulate that the Council on Foreign Relations and the United Nations, among other organizations with humanitarian fronts, are secretly working on behalf of the Cabal and the New World Order.

**Shadow Government:** Governing takes place privately, behind the scenes of what we see on the surface. The shadow government gives the impression of representing us, serving or protecting us, and making the best choices for us. However, beneath the surface, these society members control and steal from the masses while painting it as "social security, taxes, welfare, and safety." The shadow government uses words to make us feel safe and secure while siphoning the tax money we have entrusted to them for our collective well-being; instead, they use it to feed their greed, power, control, and satanic religion.

**Spiritual Hijacking:** The dark side uses spiritual practices, tools, technologies, terms, and phrases for its own dark purposes. This sometimes makes it difficult

## Definitions and Terms

for humanity to decipher Light from dark, love from fear, as the dark side is a mirror image of the light side.

**Spiritual Progression:** The evolution of the soul as it learns through life experiences. Many believe this occurs over multiple lifetimes, and possibly other planets, as continual learning until one achieves spiritual mastery.

**Spiritual Protection:** Shielding our mind, heart, body, soul, and auric energy field, along with everything in our domain of care, from negative and nefarious energies. We all can protect ourselves from infiltration of other people's thoughts, beliefs, feelings, projections, and power, as well as negative energy from anything outside of ourselves, including dark spells, magic, hijacking, and tracking. Spiritual protection is especially vital in today's world and transition. Digging into the darkness can attract spiritual leaches and dark entities into the mind, causing depression, anger, resentment, and severe judgment in even the most loving person. Knowing our word is law, and we create our reality, we can claim protection for our mental, emotional, physical, and spiritual bodies.

**Spiritually Awakened:** Enlightened to greater possibilities of our human nature and awakened to the Divinity within ourselves and others. Seeking answers and finding the higher Truths.

**Woke Washing:** Language intentionally used by organizations, corporations, media, and politics gives people the perception that they have the morality and intentions best for humanity and all life on Earth to elicit our support for their product, service, or movement. It is another inverted ploy by the Evil ones. They have been inverting words, events, concepts, or laws to hurt us, not to help us for centuries.
