

## AI Prompts To Help You Search Like A Pro

This 1-page guide gives you 5 proven AI prompts that you can copy and paste to search, evaluate, and compare boats-for-sale across the United States—like a professional broker.

### 1. *Market Scan*

“Act as a professional boat market researcher. Find [TYPE OF BOAT] for sale in the U.S. Include listings, recent sales, pricing, locations, and market trends.”

### 2. *Budget Search*

“I am shopping for a [TYPE OF BOAT] in the U.S. with a budget of \$[AMOUNT] ± 15%. Identify best-value options and overpriced listings.”

### 3. *Use-Case Match*

“Act as a yacht advisor. Find a [TYPE OF BOAT] best suited for [INTENDED USE]. Explain why each option is a good fit.”

### 4. *Short-List Compare*

“Compare the following boats and evaluate performance, condition, value, and resale.”

### 5. *Broker Due Diligence*

“Act as a licensed yacht broker. Evaluate asking price, comps, negotiation range, and survey priorities.”

## Why work with Jason at Redmond Yachts?

AI tools are powerful—but they are not a substitute for experience. Jason combines advanced technology with trusted brokerage expertise to guide buyers and sellers from first search to successful closing. Modern tools. Real-world experience.
