Aircraft Dispatcher Certification Training – FAA

Our 200-hour FAA approved Aircraft Dispatcher Certification Training is designed to enhance the capabilities of your flight operation or to help further your aviation career. Upon course completion, participants are fully prepared for the FAA Aircraft Dispatcher Certification (Licensing) Exams.

To accommodate varying schedules, training is available 6 weeks full-time or 12 weeks part-time. Primary schedule is from 8:00 AM to 5:00 PM, Monday through Friday. Evening classes can be accommodated.

On-site training is available for groups of five or more participants. Training on-site will require FAA coordination from the associated FSDO in your geographical area.

Initial Course Requirements

Students may progress from little or no aviation experience to obtaining an FAA Aircraft Dispatcher License in as little as six weeks.

To be eligible to take the course, a person must:

- Have reached 21 years of age
- Be able to read, speak, write and understand the English Language

To be eligible for an FAA Aircraft Dispatcher Certificate (License), a person must:

- Have reached 23 years of age
- Pass the required knowledge and practical tests (Oral exam/flight planning practical test)

Tuition: \$5,085.00

(A surcharge will apply for installment payment option)

Tuition includes courseware for Flight Planning activities (Enroute chart, Instrument Approach Procedures, Chart Supplement, and all required handouts). FAA practical test and FAA ADX written not included. Participant must purchase a current version of Airline Transport Pilot Test Prep and FAR/AIM textbooks prior to attending classroom activities. An electronic tablet or laptop and flight calculator is recommended.
