

Getting Creative with Your Website

Adding Images and Sections

Include Images and Sections to Add Appeal

- Websites can be very effective tools for conveying messages.
- However, it will not do such by simply existing.
- You, as the designer of the website must furnish it with the tools it needs to draw attention to the narrative you wish to promote.
- Pictures on your website can make the difference between an alluring, informative experience for website visitors, or a common uninteresting website that does not grab the attention of the visitor.
- Let's learn how to add pizzazz to a scholarly website.

Click "Edit Site"

Let's return to our website example

- Log in to your free website.
- Click the white "Edit Site" button in the upper right area over the sample cell phone image.
