

L41

Thank you for
being a wonderful,
supportive wife.

You support both
financially & emotionally
have been a God send
to me. I love you
more today than in
Nov 95.

When we argue we must
remember, its us, just
the two of against the
world. Pd

Each memory

of the wonderful times

we've shared together

is another reason

I love you

more and more.

Happy Anniversary
